Brief Report on

Add on Course on “Basic of Electronics Engineering”

Date and Venue / Location: 04 Sept. 2023 to 08 Sept. 2023, Class Room no 301,302
Communication Lab, Electronic Measurement lab Electronics and Telecommunication
Department.

Aim / Purpose: The aim of this add on course is to enhance the knowledge about basic Electronics Engineering and hands on practice of electronic Instruments.

Objectives: The objective of the add on Course is to full fill the practical aspects regarding various core subject of E&TC Engineering along with hands on practices.

Participant's Profile: The program is designed to help the students to gain the basic knowledge about the electronics engineering. This helps the students to understand the operation and handling of electronic Instrument. The students from Second and third year of E&TC dept participated in the program.

Description about the Program: The session for third year students was conducted by Dr V M Deshmukh and Mr AH Karode, Mr S K Khode. Similarly, Session for second year student was conducted by Dr.M P Deshmukh and Dr N M Kazi and Ms. R B Patil.

Outcomes: The add on Course helps the students to

- 1.Understand the different Electronic Component in Electronic engineering.
2. Study and gain knowledge related to fundamentals in Electronic and communication engineering.
- 3.Application area of electronics (Consumer Electronics).
4. Enhance the knowledge about electronic instrument by hands on practice of basic instruments like Function generator CRO , Digital Storage oscilloscope, Spectrum Analyser.

Recommendations: Such program should be arranged every year.
