Date and Venue / Location:	January 25, 2021 MBA Seminar Hall
Aim / Purpose:	The main purpose of the NVD celebration is to encourage, facilitate and maximize enrolment, especially for the new voters. Dedicated to the voters of the country, the day is utilized to spread awareness among voters and for promoting informed participation in the electoral process.
Objectives:	The main Objective of the National Voter Day celebration is 1. To encourage, facilitate and maximize enrolment, especially for the new voters. 2. Dedicated to the voters of the country, the day is utilized to spread awareness among voters and for promoting informed participation in the electoral process. 3. To remove gender gap in turnout. 4. Awareness among Political Parties, Media, Civil Society and Educational Institutions. 5. Increase in enrolment of Service Personnel.
Participant's Profile:	Total 50 participants
Description about the Program:	The program is organised to create awareness about the direct relationship between the size of an electorate and the formalization and standardization of its voting practices. In very small voting groups, in which political encounters are face-to-face and the members are bound together by ties of friendship or common experience, political discussion is mostly informal and may not even require formal voting, because the "sense of the meeting" emerges from the group's deliberations. An issue is discussed until a solution emerges to which all participants can agree or, at least, from which any one participant will not dissent
Outcomes:	The program helps society to 1. To understand the reasons for people not coming forward for enrolment. 2. To identify the demographics of elector segments with lower enrolment, and lower participation during polls. 3. To assess the role & impact of various public interest groups in voter participation.
Recommendation	Such program should be arranged every year

Aim / Purpose:	To raise awareness about the grave issues of plastic pollution and the serious threat that it poses to the natural environment ranging from land to marine life. As plastic bags take around 100-500 years to decompose, it creates land pollution as it is dumped in landfills and proves hazardous to the marine animal if gets washed into oceans. So, it becomes imperative to raise an alarm against the ill effects of single-use plastic bags. The SES-REC was constituted in August 2020, in response to the request made by the Mahatma Gandhi National Council of Rural Education at the behest of the Ministry of Education.

Aimed at reducing the environmental degradation from improper disposal of used plastic bags, the No Plastic Bag Day program applies a "market" instrument to discourage consumers from using plastic bags to carry items purchased. In the program, participating stores do not give out plastic bags. Mr.V.S.Pawar, Program Officer, Ms Deepmala Desai, Program Officer of NSS, along with other faculty have arranged this programme in the campus.
