2	Link of alumni reports and notices	4

***5.4.1 There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services.***

**Contribution of alumni association to the institution**

Shram Sadhana Bombay Trust's College of Engineering & Technology, Jalgaon has well connected network of its Alumni. The alumni support the institution and contribute to its institutional and academic development. Every year Alumni meet is arranged in the campus, to bring together all the old students to share their experiences with faculty. The alumni actively participate in the alumni meet and share their experiences. The alumni are also taking active participation in curriculum development and syllabus framing through interaction. The alumni regularly visit the campus during weekends and participate in knowledge sharing activities which would help current students to decide proper career options either to go with the placement opportunity or choose higher studies or to take the path of startup journey (entrepreneurship). Such talks/training and Hands-on sessions by the alumni to the students which are regularly arranged in every department, help students to identify their career path by enhancing the required aptitude in their respective domain. The Alumni also actively involve and support the student on placement opportunities and in pre-placement in training so as to build the necessary skills/training based on recent technology and scenario. They also advice students on the importance of Internships in Industry and how to approach the industry for seeking an internship.

The network of alumni is very well active on social media such as linkden, Facebook, Whatsapp etc. The institute alumni coordinator, head of department and all faculties are very well connected to the alumni through these platforms. In the Covid-19 pandemic the alumni association has organized online live face book lecture series of the eminent alumni to update themselves to various new technologies and career guidance. The alumni association paves way for the present students to have informal meets and interactions with the alumni which motivates and channelizes their concentration in various areas of knowledge and skills that need to be improved or enhanced.
