

ISHRAE

Indian Society of Heating, Refrigerating and Air-Conditioning Engineers (ISHRAE) Student Chapter, Jalgaon started in the presence of Mr. Amol Gambhir, President, ISHARE Aurangabad Chapter in **Mechanical Engineering Department of SSBT's College of Engineering and Technology, Bambhori, Jalgaon**. The purpose of an ISHRAE student chapter is to get more students interested, concerned, and involved in pursuing a career in the field of heating, ventilating, Air-Conditioning and refrigeration (HVAC & R). This Platform provides excellent networking opportunities to interact with other Professionals, Industry Leaders and key decisions makers in the Profession and Industry. ISHRAE student chapter activities are administered by students as elected officers which provide students with an experience that simulates running a business or an organization. This Student Chapter installation helps students to develop student's quality like Leadership, teamwork, organizer while working under President and College Working Committee (CWC) members.

Indian Society of Heating, Refrigerating and Air-Conditioning Engineers (ISHRAE) Student Chapter, Jalgaon was organized First round for **"Aquest"** Quiz competition is to be held at Mumbai Chapter. Almost 30-40 students participated in first round and 6 students from third year Mechanical selected for next round was held at ISHRAE Chapter, Aurangabad on 12th Oct. 2019.

Various activities are conducted under this student chapter like Expert Lecture given by Mr. Amol Gambhir, President, ISHRAE, Aurangabad Sub-Chapter on **"One Degree Challenge"** for BE students on 15th Oct. 2019,

Indian Society of Heating, Refrigerating and Air-Conditioning Engineers (ISHRAE) Student Chapter, Jalgaon was organized a Quiz Contest **"REFREEZE BRAINS"** on **31th January, 2020**.

Indian Society of Heating, Refrigerating and Air-Conditioning Engineers (ISHRAE) Sub-Student Chapter, Aurangabad and Indian Society of Heating, Refrigerating and Air-Conditioning Engineers (ISHRAE) Student Chapter, Jalgaon had arranged Online webinars for students in lockdown. Various topics are covered like **"Tools used in HVAC Industry"**, **"Application and selection of Insulation"**, **"Heat Load Calculation"** and **"Scope and Carrer in M.E.P."**

MESA

Mechanical Engineering Student Association are administered by students as elected officers as President Mr. Manu pratap (BE), Secretary Ms. Pratiksha Shimpi (TE) and almost 12 students as a member of association to complete various activities under MESA, under guidance of two faculty member. This Platform provides excellent networking opportunities to interact with other Professionals, Industry Leaders and key decisions makers in the Profession and Industry. MESA is administered by students as elected officers which provide students with an experience that simulates running a business or an organization. This Organisation helps students to develop student's quality like Leadership, teamwork, organizer while working under President and student members.

येथील श्रम साधना बॉम्बे ट्रस्ट संचालित अभियांत्रिकी महाविद्यालयातील विद्यार्थ्यांनी जागतिक दर्जाच्या रोबोकॉन-२०१८ स्पर्धेत सहभाग नोंदवून उत्कृष्ट कामगिरी केली. यंदा जागतिक स्तरावरील रोबोकॉन-२०१८ ही स्पर्धा यावर्षी छत्रपती स्टेडियम, बालेवाडी पुणे येथे एम. आय. टी. महाविद्यालय, आळंदी यांनी आयोजित केली होती.

या स्पर्धेत देशातील नामवंत १०७ महाविद्यालय सहभागी झाले होते. स्पर्धेत एस.एस.बी.टी. अभियांत्रिकी महाविद्यालयातील यांत्रिकी तसेच इलेक्ट्रॉनिक्स आणि टेलिकम्युनिकेशन शाखेचे विद्यार्थी सहभागी झाले होते. स्पर्धेच्या नियमानुसार या विद्यार्थ्यांनी मनुष्यनिर्मित आणि स्वयंचालित असे दोन रोबोट बनवले. मनुष्यनिर्मित रोबोट शटल कॉक स्वयंचालित रोबोटकडे आगून देत असे आणि स्वयंचालित रोबोट हा लाइन फॉलोवर असून तो विशिष्ट ठिकाणी जाऊन गोल करत असे. या स्पर्धेसाठी आणि रोबोट निर्मितीसाठी एकूण १ लाख

रोबोकॉन स्पर्धेत एसएसबीटीचा बोलबाला

३७ हजार रुपये इतका खर्च आला. महाविद्यालयाच्या व्यवस्थापन मंडळाने या स्पर्धेसाठी आर्थिक साहाय्य केले. एवढ्या कमी किमतीमध्ये सर्वोत्कृष्ट रोबोट बनवणारे एकमेव महाविद्यालय ठरले. या स्पर्धेची थीम ही व्हिएतनाम या देशाच्या पारंपारिक खेळापासून प्रेरित आहे. या स्पर्धेचे उद्दिष्ट विद्यार्थ्यांमध्ये रोबोट विषयी आवड निर्माण होऊन

मुलांमधील सूत गुणांना वाव मिळावा असे आहे.

या स्पर्धेत महाविद्यालयातील विद्यार्थी गजेंद्र पाटील, मंदार जुनागडे, पवन विरारी, रितेश बोरसे, मयूर बारी, प्रसाद गोरे, भूषण चटपाल, किनोद कुमावत, तेजस बारी, राहुल लोहार, विशाल महाजन, रोहन मुसळे, रजत भिसे, चेतन शर्मा यांनी सहभाग नोंदविला.

Trustee and Executive Director

Chief Convener, Robocon India

Dear Sir/Madam,

The technology today is developing at a rapid pace. In this era of globalization, the exchange of knowledge and skills has given a further fillip to the exponential growth in the field of technology. Such phenomenal advancements have revolutionized almost every sphere of human life today. The emerging disciplines like Robotics and Artificial Intelligence have brought in many possibilities and opportunities for us to explore the various ways in which technology can be developed and utilized for the well being of mankind. It is imperative for the developing countries like India to excel in these disciplines if they wish to reach the level of other developed nations. The events like Robocon play a crucial role in nurturing the youth, the budding engineers, and to foster their skills in Robotics. It gives them a platform to learn and explore this field and develop insights into the interdisciplinary approach to technology.

Robocon India started in 2002 with merely three participating teams. Later the Doordarshan of India, in collaboration with the MIT group of Institutions, notably the MIT Academy of Engineering (MITAOE) Alandi (D), Pune brought this number above 100 in the National Robocon held at Shiv Chatrapati Krida Sankul, Balewadi, Pune in March 2016. The national winner Vadodara Institute of Engineering, Vadodara represented India in the International ABU Robocon 2016, held in Bangkok, Thailand recently. Team Vadodara did remarkable play and got "Best Design Award". It was a grand show and those of us who attended it, realized how much we Indians need to work and coordinate our effort to be competitive on the global platform.

I am glad to announce that the next International Robocon 2017 will be hosted by the ABU at Tokyo. The theme for the same is "The landing Disc". The theme revolves around the word "asobi" (play), which is also a fundamental philosophy behind Robocon. In "asobi," playful, unique, original show of skills is often more important than winning or losing, as everyone - friend and foe alike - can applaud and enjoy them. So, in the "asobi" spirit: we encourage playful, unique, original robot designs and strategies!

To select the Indian participation, the National Robocon will be held from 2 to 4 March 2017 at the Shiv Chatrapati Krida Sankul, Balewadi, Pune. Further details about the theme and game rules are available on www.roboconindia.com & <http://www.aburobocon.net>. The Winner of the National Robocon 2017 will represent India in the International Robocon 2017 to be held in Tokyo-Japan in August 2017.

The event is a great festival for exchange of technological know-how and sporting spirit. It has been our pleasure to watch students taking the initiative to participate with a high degree of improvisation each year. They need to be encouraged so that they may bring India to the level she richly deserves. I cordially invite all the enthusiasts to participate with full vigor in this celebrated event which can give immense exposure and global opportunities to our youth.

Mechanical Engineering Department

Solar Energy Society of India Student Chapter

The Solar Energy of India (SESI), established in 1978, having its Secretariat in New Delhi, is the Indian Section of the International Solar Energy Society (ISES). Its interests cover all aspects of renewable energy, including characteristics, effects and methods of use, and it provides a common ground to all those concerned with the nature and utilization of this renewable non-polluting resource. The Society is interdisciplinary in nature, with most of the leading energy researchers and manufacturers of renewable energy systems and devices of the country as its members. High academic attainments are not a prerequisite for membership and any person engaged in research, development or utilization of renewable energy or in fields related to renewable energy and interested in the promotion of renewable energy utilization can become a member of the society.

In our institute Solar Energy Society of India Student Chapter was started on 19 September 2019 at Mechanical Engineering Department. Students from different disciplines were enrolled for the same (Total Number - 60). Different activities like debate on scenario on energy, new technologies in the renewable sources of energy will be proposed to organize in coming time.

Objectives of Solar Energy Society of India Student Chapter

- To disseminate information on a variety of topical issues of growing interest to the Renewable Energy community
- To interact with the International Solar Energy Society for possible initiation of any joint activities
- To recognize the leading lights of the day in the entire area of RE
- To organize one-day workshops on selected topics
