Mentor's Annual Report- 2019-20

Name of the Mentor (Teacher):- Dr. P. G. Bansod

Designation:- Associate professor and Head

Number of mentee allotted:-36

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 36 mentees in the academic year 2019-2020. According to the policy of the Cell counseling and visits were made also the interaction between parents, students and mentor successfully done in the session. It was a great idea to visits the mentees houses, parents satisfactorily and openly discussed with us. They also appreciate that the collage is taking extra and useful steps towards the well being of there wards.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. The meeting with the students' parents of local students were carried out twice in a year and discussed with the overall development of ward and his academic progress. They were also guided in groups during their free time after the teaching schedule. They were given some sample question papers and ready- made notes to make them feel comfortable in facing the theory examination.

I also discussed with parents on curricular and extracurricular activities , counseling on various girls issues with them Telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
2	Demand of DLP in the Botany laboratory	The demand is discussed with principal madam, and she agree with it and in few month the demand is fulfil by principal and management.

**Mentor's Report**

The Mentor Mentee Cell of the college has allotted 35 mentees to me in the academic year 2019-20. As per the policy of the cell the mentors visited the houses of the local mentees and interacted with their parents regarding the issues like academic progress of the mentee or any other. During the interaction, the causes of absentee, lacunas in studies were discussed in presence of parents and the mentees were guided during the interactions. Parents shared their experiences and expectations from wards during the interaction.

The students who were outsiders got contacted telephonically, and the parents of those mentees were met personally when they came to the town to meet their ward. In the free time, these students were called either in groups or alone to discuss the issues such as progress in academics, preparation of examination or examination phobia, interest in sports and it's availability in the campus. Such students were interacted and guided not only for curricular but also for co-curricular and extracurricular activities. The issues like fear for examination was solved by providing the notes and the pattern of University question papers so that they can feel comfortable.

This system has proven very helpful to explore the realistic difficulties of the students in the campus. During the interaction, some issues were raised by the parents and those issues have been sorted out with due involvement of the administration. The issues were as follows.

S.N.	Issue Raised	Issues Resolved
1	Guidance for the Competitive examination	This issue was brought to the notice of the Hon'ble Principal and the mentor made the parents as well as mentee aware about the college already has a separate MPSC Cell to cater the needs of the students preparing for the Competitive examinations. The cell works hard by organizing Guest

		works hard by organizing Guest lectures, sharing the videos, organizing the book fairs etc. The mentor added that the college has rich Library resource for all the aspirants.
2	Cleanliness of girls washroom	This issue was brought to the notice of the Hon'ble Principal and the Principal not only assured but strictly ordered to the Sanitary Inspector of the college to maintain the cleanliness of girls washroom.

### Mentor's Report

In the academic year 2019-20, the Mentor Mentee Cell of the college allotted 35 mentees to me. As per the policy of the Cell, I made visits to local mentees and interacted with the parents, throughout the academic year. During the interactions, the reasons of absence were discussed with the mentees in the presence of their parents. In addition, issues related to the academic progress of the learner were discussed. Such interactions helped to understand the socio-economic background of the mentees. Further, the allotted mentees were guided during the interactions. Also, sincere follow up was taken throughout the year.

The outstation students were regularly contacted telephonically as well as consistent interactions were made within campus throughout the year, too. They were also guided about a variety of issues related to their progress, as and when required. They were given academic notes, and additional study material as well as previous examination question papers to raise their confidence for theory examination. They were informed about the services and support facilities available in the institution.

During these diverse interactions with the mentees allotted to me, the following issues were shared by the mentees and these issues have been resolved with due involvement of the college administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	The number of equipment be increased.	This issue has been resolved. The college has procured more equipments.

---

Taking the vision and mission of the college as prime factor, for every year "Mentor-Mentee Scheme" is implemented by the college the teachers are shouldered the responsibility as a Mentor. For this year also the same was implemented. Through a circular I was informed that I am Mentor for 36 students and I was also provided with the details of the ten mentee allotted to me. From the details provided, I made a contact with the Mentees allotted to me.

With all the mentees allotted to me, I had a conversation in-person, therein I introduced them to the 'Mentor-Mentee Scheme' and to the aims and objectives of the scheme. I asked them to share their contact numbers and of their parents too. I made a contact in person with the students and also with their parents. I told all the parents to take some and meet me whenever possible. Till then a contact on phone with all the parents was continued and a follow up regarding the progress of the students, the college premises, college staff and all other facilities provided by the college was taken.

A positive response was found from all the mentees regarding the scheme. I had a two conversation with all the mentees. They shared their problems, suggestions and experiences regarding the college with me. I had a satisfactory response from the parents regarding the scheme. The parents shared their views regarding the college. Few parents had a suggestion regarding the cleanliness of the lavatories and drinking water facility. A satisfactory response was received from them regarding college staff, college premises, academic and non-academic development of their children and all other facilities provided by the college.

During these diverse interactions with the mentees allotted to me, the following issues were shared by the mentees and these issues have been resolved with due involvement of the college administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Cleanliness of the lavatories	The demand was reported to the Principal and with the due consent from the Governing Body, the Principal ordered the Office Superintendent to appoint a sweeper separately for lavatory cleaning of the campus.

2	Provision of the online study material	The issue was resolved by providing the study material through Google-Classroom.
3	Demand of MCQ type questions for practice	The Demand was completed by providing MCQ TYPe questions on the college website.

Number of mentee allotted:-37

As a part of mentor-mentee Scheme I was appointed as mentor for total 37 students.

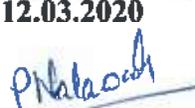

All the parents of our college students are regularly asked to visit the institution and interact with the concern faculty and administration. They are also suggested to interact with their children's and discuss about their academic progress, the type of facilities and activities available in the College. Apart from this they are asked to regularly check the mental and physical health of their child & keep watch on the friend circle of their ward. I as mentor was in regular contact with my mentees. I made a contact in person with the students and a with their parents collecting the feedback from the students & Parents is a crucial step of Mentor-Mentee Scheme. The feedback forms were distributed among the above said students and were asked to resubmit them within stipulated time.

After analyzing the feedback forms filled by the parents of respective students, it was noticed that most of the parents of class BSc. Part II and BSCc Part I students are satisfied with seeking the admission of their ward in Vidya Bharati Mahavidyalay, Amravati. All of them have visited the institution and interacted with the concern faculty and administration. They regularly check the friend circle of their child. Parents also found that their ward is very punctual, regular and interested in Co-curricular activities undertaken by the institution. They never noticed that their ward to be overstressed. All most all the students share everything that happens in the college with their parents. One of the parents suggested improving cleanliness of toilets. One more parent suggests providing ample drinking water facility.

S. N	Issues Raised	Issues Resolved
1	Drinking water	The demand was reported to the Principal & with due consent from the Governing Body, the Principal placed the order for Drinking water unit and the required infrastructure was planned for the upcoming year.
2	Availability of sports kit.	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered the Sports kit for current academic year

During these visits, the details of any major absence from college were discussed with the mentees in the presence of the parents. In addition, the academic progress of the learner was discussed. These interactions enabled to recognize the socio-economic background of the mentees. Further, regular follow up was taken throughout the session 2019-20.

The outstation mentees were regularly in touch telephonically as well as consistent interactions were made with them on campus. They were also guided about a variety of issues related to their progress, as and when required. They were informed about the services and support facilities available in the college.

During these interactions with the mentees allotted to me and their parents, the following issues were shared by the mentees and it has been resolved with due involvement of the college administration. The issue is as follow-

S. N	Issues Raised	Issues Resolved
1	Provision of additional notes and study material as well as copies of previous examination papers	This issue has been resolved. The students were provided additional notes, and copies of previous examination papers

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion. The causes of absence were discussed with the mentees in presence of the parents. It helped to assess the socio-economic background of the learners and the expectations of the parents got revealed during the deliberations.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided in groups during their free time after the teaching schedule. Some of them were called to sit in the open area of the cafeteria and discussed the variety of issues appeared to be difficult to them in the ensuing examination. They were given some pdf and sample question papers and ready- made notes to make them feel comfortable in facing the theory examination.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Extra circulam for personality development	The demand was taken into consideration and I organised an event named "zasba" in which many students participated and showed their talent thought GD, Drama, Extempore and much more. Focus on skill development rather than mark oriented study has been introduced to the student so they realize the proper method of learning.

2	Connecting through online	New technology like Google classroom, digital classroom was started as per the instruction of principal.
3	Assisting students with initial adjustments to academic life	This was reported and we undertook some introductory lectures. later name of slow learners student had been identified and made proper arrangement of remedial class for them.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell the Mentor guided the allotted mentees by personal interactions & visited the local mentees home & carried out interactions with local mentees parents throughout the academic year. The mentor made telephonic interactions with the parents of those mentees whose parents are residing outside the Amravati city. The issues related to the academic progress of the wards as well as their participations in General Events conducted by the college for their overall development were at the center of the discussion. It helped to assess the socio-economic background of the learners & to provide them strong motivations for improving their performance.

The mentor guided the mentees regarding the facilities provided by the college about the Competitive Exams Cell, Sports, & digital library & encouraged them to avail these facilities for their overall development. They were given some sample question papers, Quiz, group discussions topics and ready-made notes to make them feel comfortable in facing the theory examination as well as for improving their performance in competitive exams

This system indeed has proven very helpful to explore the realistic difficulties of the students as fresher in the campus. Their disturbing family issues, parental disputes and perturbed state of mind could be softened due to this practice.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Allow the late comers to attend the classes particularly during winter season	The demand was reported to the Principal & with due consent from the Governing Body, the Principal discussed with the concerning teachers & made necessary provisions
2	Provision of Online guidance on learning Share market Modules, & Online Examinations of Share market	The matter was brought to the notice of the Principal & the Principal provided both the

		facilities through the digital library section for the students
3	Provide the online guidance on Tally ERP 9	The matter was brought to the notice of the Principal & the Principal discussed the matter with the concerning teachers of the commerce department & made the provision

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2018-2019. All the mentees which were allotted were guided as and when required throughout the year. The mentees which were facing problems in academic was given more attention and given extra effort by taking extra lectures. Some students who were coming late to college, discussion with them was done and contacted parents as well .To improve their academic performance , students were given notes ,recommended proper books.

During interaction with students many realistic problems came into notice and as a I have been continuously interacting with them as well as with their parents, tried to solve the problems and we informed them about the facilities in college, about library and many more support services given to students.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised.

S. N	Issues Raised	Issues Resolved
1	There should be Open Elective choice based (Part of Syllabus) activity included in College for MCA Students.	The demand was reported to the HOD & with due permission from the Governing body.
2	Include more food items in Girls Hostel in College Campus.	The demand was reported to the HOD & with due consent from the Governing Body
3	Fees Submission should be Online	The demand was reported to the HOD & with due consent from the Governing Body, the college has already started the process.
4	Library Hours be increase in reading	The request was reported to the HOD & with due

	room	consent from the Governing Body. The Principal sanctioned our request and library reading section open upto 9.00 p.m
5	Career Oriented course should be taken for fill the syllabus gap	Proposal sanctioned and new courses started.

### Mentor's Report

I am Prof. A. M. Dwivedi undersigned teacher as a mentor, under Mentor-Mentees Cell of the college has allotted me 35 mentees in the academic year 2019-2020 for B.Sc. III (CPA) from the department of computer science. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. They were informed about many of the facilities and support services available in the institutions. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion.

During my interactions with the mentees allotted to me, in my personal visits, Parents those who live outside the Amravati were communicated with telephonically and also I meet their parent goes to their home, at that time their parents had an complaint and told me that, there sons and daughter does not studied properly, that time I suggested to the students is that if they have any difficulty related to the study or any subject , so they asked with me , so that I get them to proper guidance and also said that , they regular visited to the library

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. The meeting with the students' parents of local students were carried out twice in a year and discussed with the overall development of ward and his academic progress. They were also guided in groups during their free time after the teaching schedule. They were given some sample question papers and ready- made notes to make them feel comfortable in facing the theory examination.

Telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	College should have to take Aptitude Test Classes for students.	The demand was reported to the HOD & Principal. They assured that they will consider this problem and take the actions regarding this and extra classes were taken for Aptitude Test and their difficulties were solved in free time.
2	Career guidance Programs/ Workshops should be conducted by college for final year students.	The demand was brought to the notice of the Principal & the Principal assured that the college has complete this issue and that the college has already started the program and workshop conduction and also try to take more career counseling programs.

The Mentor Mentee Cell of the college has allotted me mentees in the academic year 2019-2020. As per the process, visits were made to interact with the students. It was a good opportunity to meet the students as well as their families. A lot of discussion happened and some information was passed regarding college and college activities. Students and parents genuinely enquired about academic activities .Parents were also given information about the curricular, co-curricular and extra –curricular activities.

Students outside the city were interacted by telephone. A lot of information was shared on the phone itself. However parents generally enquired about the conduct, behavior andwell being about their wards in the college.

Following issues came to my notice during this process,

S. N	Issues Raised	Issues Resolved
1	Lack of Printer in the Lab	The issue is reported to the head and the issue will be solved soon.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. Sincere follow up was taken, the issues related to the academic progress of the wards were at the center of the discussion. In this Academic Year Mentees were guided as per the policy of Mentor Mentee cell. They were also guided in groups during their free time after the teaching schedule. The Houses of local mentee were visited and interactions with the parents were carried out. Academic issues were discussed during the visit.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress they were given some previous questions related to subjects and ready-made notes to make them feel comfortable in facing the theory examination.

The policies of this system have proven very helpful to solve many difficulties of the students as fresher in the campus. They were informed about many of the facilities and support services available in the institution. After interactions with the mentees allotted to me as well as in my personal visits or telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been solved with the help of the administration.

The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	High speed internet facility be provided	The matter was brought to the notice of the Principal & the Principal assured that the college has already started the process to hire High Bandwidth internet connection more than 50mbps. The college has installed fiber optic broadband facility for the students to explore online resources
2	Provide Special lecture to reduce exam stress	This demand was discussed by Head of the department and Principal. After the approvals Administration, In this session special lecture were arranged for reduce exam stress.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me mentees in the academic year 2019-2020. As per the process, visits were made to interact with the students.

Parents were curious about academic activities .Parents also interacted and they were given information about the curricular, co-curricular and extra –curricular activities happening in the college. Most of the parents were very happy with the ongoing activities and schedule of the college. It was a good opportunity to meet the students as well as their families. A lot of discussion happened and some information was passed regarding college and college activities.

Students outside the city were interacted by telephone. A lot of information was shared on the phone itself. However parents generally enquired about the conduct, behavior and well being about their wards in the college.

Following issues came to my notice during this process,

S. N	Issues Raised	Issues Resolved
1	Parents and Students need personality development activities.	Soft skill sessions taken in the college under G.E.M.S
2	Needed some more books in the Libraray	Issue noted and books allotted in the Library

### Mentor's Report

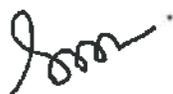

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. Interaction with all the mentees was done throughout the year and sincere follow up was taken. The local as well as the outside students were contacted regularly and interacted, the cause of their irregularity and poor performance in academics was been discussed with their parents and with mentee also .Communication between mentor and mentee should be stress less and healthy,so that students should be fearless and stress less and can interact with their mentor to resolve the problem.

I have put extra effort on the students to improve and score good marks in their academics. the students which were poor in semester-I ,they proved themselves and score good marks and improved more and more in next semesters and this was possible by proper communication through this cell. Students gain self-confidence not only in academics but in other cultural and sports activities.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised.

S. N	Issues Raised	Issues Resolved
1	Drinking water facility be provided on third floor	The demand was reported to the Principal & with due consent from the Governing Body, the Principal provided this facility to each floor.
2	Increase the number of Computer Systems in each lab.	The issue was reported to the HOD, Principal & Management Body they assured that the college will take this matter in the discussion and will try to increase the quantity of system in each lab.

### **Mentor's Report**

The Mentor Mentee Cell of the college has allotted me 34 mentees in the academic year 2019-2020. I am Ms.S.B.Sarvaiya undersigned teacher as a mentor, under Mentor-Mentees Cell in the session 2019-2020 for M.Sc.-I (CS) from department of computer science.

For 2019-2020 at the beginning of the session 34 students are allotted to me for the home visit of students and also discuss with their parents about the performance of their Mentee (ward), problems face in department and college facilities. The parents of outsider student also contacted with telephonic talk. It helped to assess the socio-economic background of the learners and the expectations of the parents got revealed during the deliberations.

Our aims are improving personal rapport between the teacher and the student and his/ her environment—both academic and social. This system of learning involves an intense interaction between the student and his/ her teacher.

All Parents really appreciate that the initiative by college authorities to this online assessment feedback during corona virus (COVID-19) pandemic situation. In this ways we worked on tutor ward system which is beneficial to students. And Students will have no hesitation in discussing the problems faced by them with their tutors or mentors.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

<b>S. N</b>	<b>Issues Raised</b>	<b>Issues Resolved</b>
1	Workshop related to Exams Stress Management must be conducted by college.	The issue was reported to the HOD and Faculty members. To solve this issue, we have conducted one day workshop on stress management during this academic session.
2	Provide more number of advanced printers (Laser printer) for students	The demand was reported to the HOD & Principal with due consent from the Management Body, the Principal assured that they will increase the number of advanced printers in each lab.

### Mentor's Report

In session 2019-2020, computer science department implemented the Mentor/Mentees Cell of the college. Department has allotted me 35 mentees of Class B.sc-II computer science. In Mentor-Mentees system, the mentees were guided during the interactions throughout the academic year. We mainly center on students issues regarding the departments and college. Sincere follow up was taken. The visits of the local mentees houses were done and interactions were carried out with the parents. The causes of absence were discussed with the mentees in presence of the parents. Using this system we solve the problem by discussion with their parents through Feedback.

The students who is outsiders were got contacted telephonically, interacted on campus throughout the year and guided for their academic progress .They were also guided in groups during their free time after the teaching schedule. They were given extra time for using of computer lab for practice their work.

This system is helpful to explore the difficulties of the students as fresher in the campus. They were informed about many of the facilities and support services available in the institution. Their disturbing family issues, parental disputes and perturbed state of mind could be softened due to this practice.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Arrange on line demo session for placement.	The issue was reported to the Head & with the discussion of various companies HR issues resolved.

2	Demand of Laser printer in LAB	The issue was reported to the Head & with the discussion of students and administrator issue resolved.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 15 mentees in the academic year 2019-2020. According to this policy continuous interaction with the students was done and follow-up was taken . As I monitored the students under me continuously and as main focus was given on the academics ,there was improvement seen through unit test , assignments were regularly submitted . not only the students being interacted ,I also verified the work of student through their parents so that they should also be satisfied .

Some students whose economic condition was not sound ,special consideration was given to them as they should not feel any type of hurdle in academics and this was only possible through this mentor mentee cell. Students got self confidence which developed high performance workforce.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised .

S. N	Issues Raised	Issues Resolved
1	Toilets have to be cleaned every day	The issue was discussed with Principal Madam and she assured me about the said problem.
2	More guest lecture should be conducted on Competitive Exams.	The College was made aware of it and accordingly proposals were invited from faculty members for conducting the guest lecture competitive Examinations.

### Mentor's Report

A system of mentor mentee is build up by institution under this program 35 students have been allotted to me in the academic year 2019-2020. According to policy of cell mentees were guided during interactive sessions throughout the academic year. Follow up regarding the same up was taken. Resident places of local mentees were visited & interactive session took place with the parents. The issues related to the academic development of the pupil were of main focus area. The regularity in attendance was discussed with parents. It helped to understand the socio-economic background of the learners and the expectations of the parents were got into focus.

Students staying in their home town referred to as outsiders were contacted via telephone over which problems were discussed and probable solutions were taken out. Along with it they were guided for academic progress and encouraging for competitive exams. Problems areas where they are lacking behind were discussed to understand particular behavior. They were guided in through group discussions. Task related to education, personality & time management are given to them. Question set papers of previous examination are given which are solved in mean time, this kind of task is later evaluated on which discussion is done so that they get a better view on facing the theory examination. This kind of program has proven to be success in getting together with the mentees and closely observing their issues as a new comer. Once they are admitted to institution it is prime duty to make them aware regarding the facilities and support services available in the institution.

In time period of my interaction between mentor & mentees assigned to me, I paid personal visits, telephonic conversations & general discussion on campus put focus on issues which were raised by few of them which were made known to the institution. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Salon service training should be included.	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered to commence salon service learning, also salon set up is ordered.
2	Equipment required for advance evaluation of cosmetic product should in included.	The matter was brought to the notice of the Principal & the Principal assured that the college will install necessary equipments required for cosmetic evaluation.

3	More number of books related to cosmetic technology should be available in library	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered the HOD & staff of cosmetic department to make list of required books.

### Mentor's Report

Vidyabharati Mahavidyalaya has formed the Mentor Mentee Cell to guide the students throughout the academic year. The Mentor Mentee cell has allotted me 35 mentees in the academic year 2019-2020. According to the concept of the cell the mentees were guided during the interactions throughout the academic year. In these interactions mentees were supposed to discuss their problems related to learning, may share some of their personal problems also. Sincere follow up was taken.

Visit to the homes of the local students was made twice in the year and interactions were carried out with the parents. The issues related to the academic progress of the wards were discussed. Their causes of irregularities were discussed with the mentees in presence of the parents. The parents of the students who were outsiders got contacted telephonically.

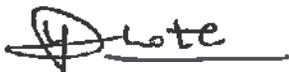

This system of Mentor Mentee indeed has proven very helpful to solve the realistic difficulties of the students as fresher in the campus. They were informed about many of the facilities and support services available in the institution.

During my interactions with the mentees and their parents, the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Some new advanced raw materials needed for cosmetic formulation must be made	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered HOD to

	available to the students.	include and order these raw material needed by the students.
3	E -Class room should made available to the M-Tech students for presentation of their research work.	The Principal of college was made aware of it and accordingly E-Class room facility was provided to the students.

**Mentor's Report**

Through our Mentor Mentee Programme 35 students were allotted to me and every mentor in session 2019 – 2020 . In this programme mentees were guided throughout the academic year and continuous follow up was taken by them. Some of our mentees were located out of Amravati and some were located in Amravati .We visited the houses of the local mentees and interactions were carried out with the parents. The issues related to the regularity and academic progress of the mentees were discussed. All related aspects were discussed with the mentees in presence of the parents and mentees.

Also parents of outsider mentees got telephonically contacted throughout the year and guided for their academic progress and other issues of the mentees. During their free time and after their teaching schedule group discussions were conducted. Model question papers of last five years also given to them as to have practice on it and also notes shared to them to feel comfortable for facing the theory examination.

From this way through this system students will be benefited and it is very helpful to explore the realistic difficulties of the students as fresher in the campus. Also fresher mentees were informed about many of the facilities and support services available in the institution.

When we visited to local mentees allotted to me, and also during telephonic discussion , the following issues were discussed by a few of them and sorted out with due involvement of the administration. The below listed were the issues as follows-

S. N	Issues Raised	Issues Resolved
1	Parents demanded for number of parents meetings to be increased.	Demand forwarded to Honorable Principal and had assurance will be given to them.
2	College timing will be adjusted .	The timing issue was brought to the notice of the Principal & the Principal assured that the college will think over it .

### Mentor's Report

Mentor mentee cell has been formed under which I have been allotted with 35 students in the academic year 2019-2020. According to the policy through interactive sessions between mentor & mentee guidance is given during the entire academic year. Report on the same was taken. Visits were made to mentees house to carry out interactive session with the parents.

Those students who are outsiders got contacted through telephonic conversation, interacted on campus for entire year and guided for their academic development and encouraged them for competitive examinations. They were provided with the study material essential for the syllabus; queries were discussed via group discussions. Also, group discussions help to learn about their issues in different subjects.

They were made comfortable in talking about their issues. Effective solving of paper for examination was discussed in this course of time. This system indeed has proven very helpful to explore the realistic difficulties of the students as fresher in the campus. They were informed about many of the facilities and support services available in the institution. Their disturbing family issues, parental disputes and perturbed state of mind could be softened due to this practice.

The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Library Hours be increased to sit in the reading section	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered the Librarian to keep the reading section open up to 9.00pm in the evening.
2	More number of Certificate Courses be introduced to fill the gaps in syllabi	The IQAC of the college was made aware of it and accordingly proposals were invited from the HODs & new certificate courses started in different subjects.

### **Mentor's Report**

The institution formed a cell for interaction of mentor & mentee under 35 mentees were assigned to me in the academic year 2019-2020. As directed and as per the blueprint of the cell the mentees were guided accordingly for the entire academic year. Follow up regarding the same was taken with sincere efforts. Mentor paid visit to local mentees and a healthy interaction with parents were carried out. The strain connected with academic development of the wards was main focus of discussion. The causes of absence were discussed with the mentees in presence of the parents. It helped to evaluate the socio-economic background of the learners and the expectations of the parents got disclosed during the reflection.

The students who were non member of city got contacted telephonically and detail issues were discussed as well feedback from parents was taken, interconnect on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also escorted in groups through their free time after the teaching program, in which group discussions were taken to learn & resolve the problem areas. They were made comfortable in talking about teaching practices. Previous year questions were given to them as test and later evaluated on basis of which mistakes were discussed & solution the same was given, this helped them to feel more confident in facing examination. Also, time management issues in solving examination were discussed which would effectively help them out in attempting a test. More advance formulation & development sessions within the practical time over were taken so that they can learn technical aspects of formulating.

This attempt of implementing conversation between mentor and mentee in the education system has proven to be fruitful to understand & learn about difficulties of students as a new comers & fresher's in college. The institution has made a good base to support students and given them facilities essential for them about which they were made aware of so that will feel comfortable in college as well. This regular practice of collaborating with each other will help to solve their issues & most importantly it will help to understand state of mind of pupil to help them out in critical situations.

In course of my interactions sessions with the mentees assigned to me, through personal visits, or via telephonic conversations as well as discussion in department or campus regarding the issues uplifted by a small number of them & those critical area of problems were resolved with help of administration members. The issues were as follows:

S. N	Issues Raised	Issues Resolved
1	Implementation of practical knowledge about formulation of cosmetic product was increased.	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered to conduct innovative product formulation to keep them updated with new trends in cosmetic industry section open up to in practical hour itself.
2	WiFi Connection	The matter was brought to the notice of the Principal & the Principal assured that the college has already started the process to hire WiFi connection. The college has installed fibre optic broadband facility for the students to explore online resources.
3	Including more knowledge on beauty & clinical treatments for skin & hair.	The HOD is informed about this & expert staff member was appointment to give knowledge on beauty & clinical treatments for skin & hair.

### Mentor's Report

A cell has been formed to have healthy conversation between mentor & mentee, in this program I have been allotted with 35 members in the academic year 2019-2020. The policy of the cell suggests guiding mentees throughout the academic year. Follow up was taken. The visits were made to residence place of local mentees and interconnect with the parents. The problem related to the growth of mentees were discussed also probable outcome was discussed. Parents were made aware of attendance of students and if in fault probable causes were discussed. This helped to understand the background of mentees.

The students who belong to the city they study were contacted telephonically, interacted on campus throughout the year, and guided on carrier possibilities in field of cosmetics & competitive exam studies. Issues were discussed in groups and solutions were concluded. Difficulties in solving paper, time management, and difficulty in communication various problems were made in order to resolve the problem. This interactive session prove to be helpful in solving difficulty of students.

During my interactive sessions with the mentees allotted to me, in my personal visits, through telephonic talks and on campus discussions the following issues came in focus by few of them and those issues have been sorted out with help of administration committee. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Inter class seminar sessions for soft skill development and personality development	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered to regularly conduct seminars on soft skills & personality development for students.
2	Seminars for new trends in industry should be conducted	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered to regularly conduct seminars on related to new trends in cosmetics which will help students to be updated with the ongoing trend.
3	Inter class question answer session	The HOD was made aware of this and under this

should be conducted	guidance inter class question answer session was conducted in order to clear doubts and broaden students view regarding cosmetic product.

### Mentor's Report

According to Mentor Mentee Cell, I have allotted total number of 35 mentees of this college in the academic year 2019-2020. As per the policy of this cell, I have guided to mentees during the interactions throughout the academic year. That time I have sincerely follow up taken for allotted students. At the time of interaction with mentees, I was saw many doubts arise in mentees and parents minds. First of all I understood those problems and given to conclusion to them. The issues related to the academic progress of the wards were at the center of the discussion. The causes of absence were discussed with the mentees in presence of the parents.

The students who were outsiders interact by telephonically on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided in groups during their free time after the teaching schedule. They were given some sample question papers and proper notes to make them for feel comfortable in facing the theory as well as practical examination.

The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Copies of some reference books should be increased and E-library facility should be provided by college.	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered the Librarian to increase number of copies of reference books.
2	Provide the proper chemicals and suitable glassware for experimental methods.	The matter was brought to the notice of the Principal & HOD assured that the college.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell during the academic session throughout the year the mentees were guided through teaching learning evaluation interaction in the institute. For local students I have visited the house of mentee & parent for the interaction with the parent in presence of mentee. For outside students I have made telephonic contact. In both local visit & telephonic talk the discussion was made about various points like absentee of the students in the class room & its reason. Further parents are asked about opinion regarding the infrastructure of the college facility in the college like central library facility,vidyaniketan study center (MPSC, UPSC cell), teaching learning evaluation processed difficulties about understanding the problem in content of syllabus of the program after due discussion in both the local visit & telephonic talk parents are asked to note his/her opinion & was recorded in feedback form in their handwriting.

For difficult topic of the syllabus students were guided by solving the sample question paper (University pattern). Readymade notes were circulated among the students some of the students were also called in their free time for extra classes. This system is very helpful for knowing difficulties of the students, opinion of the parents, disturbing family problems, some inner outer dispute as well as disturbing state of minds of the students & family background.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Drinking water facility should be more flexible	This issue was brought to the notice of the hon'ble principal & with due discussion the principal had ordered to facilitate the drinking water more flexible
2	To increase the copy of competitive examination study material	This issue was discussed with Hon'ble principal & principal had ordered to librarian about to increase the copy of competitive examination study material

### Mentor's Report

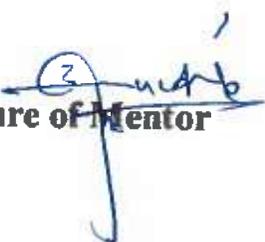

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell during the academic session throughout the year the mentees were guided through teaching learning evaluation interaction in the institute. For local students myself as mentor had made the visit to the students houses twice in the year. During the visit interaction was made taking into consideration regularity,sincerity, punctuality of the mentor as well as mentee. Interaction is made with the parent in the presence of mentee opinion on subjects like infrastructure of the Institute, opinion about governing body, Administration, facilities available like central library, VidyaNiketan study center, sports complex, teaching of the mentor, depth knowledge of the mentor, illustration capability of the mentor, attendance of the mentee in the classroom. Sincere follow up of & feedback was taken during the whole session from the parents & it was noted in parents handwriting in the feedback form of the cell. For the students who were outside villages at native places they were made telephonically contacted. In this telephonic talk discussion was made with the parents on the subject like attendance of the student, difficulties in understanding the topics &subject, the facility available like competitive examination (MPSC, UPSC), library facility in this way the opinion as well as feedback of the parents were noted in the feedback form.

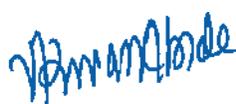

For difficult topic of the syllabus students were guided by solving the sample question paper (University pattern). Readymade notes were circulated among the students some of the students were also called in their free time for extra classes. This system is very helpful for knowing difficulties of the students, opinion of the parents, disturbing family problems, some inner outer dispute as well as disturbing state of minds of the students & family background.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. The meeting with the students' parents of local students were carried out twice in a year and discussed with the overall development of ward and his academic progress. They were also guided in groups during their free time after the teaching schedule. They were given some sample question papers and ready-made notes to make them feel comfortable in facing the theory examination.

During my interactions with the mentees allotted to me, in my personal visits, Parents those who live outside the Amravati were communicated with telephonically and also I meet their parent goes to their home, at that time their parents had an complaint and told me that, there sons and daughter does not studied properly, that time I suggested to the students is that if they have any difficulty related to the study or any subject, so they asked with me, so that I get them to proper guidance and also said that, they regular visited to the library. Telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Students demand The guest lecture series of environment expertise to get more knowledge	The demand was reported to the head of the department and head took decision on demand they organised guest lecture series for the students.
2	One day short tour to Bamboo garden.	Principal granted to one day short tour to Bamboo garden to get information about Bamboo species.

**Mentor's Report**

During the academic session 2019-20, total 35 students from arts faculty were allotted to me under the Tutor Ward Scheme. It was my responsibility to bridge the gap between these students and the teachers of the college. I personally visited to the houses of these students located at various places of the city to discuss with their parents to understand their opinion about the academic activities of the college and the performance of their wards. In the discussion many suggestions received from them. These are given below.

S. N	Issues Raised	Issues Resolved
1	It is expected that the lectures should be taken regularly according to the time table	The issue raised by the parents has taken seriously and suitable steps have been taken. The concerned issue has been resolved.
2	The toilets of the college should be cleaned regularly	The issue has been resolved by taking suitable steps
3	The arrangement of junk food should be made available through the college canteen	The issue is reported to the Principal. It is at present is under consideration.

**Mentor's Report**

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion.

. When I visited to Mrs. Minal A. Nimbhorkar home on date 1 august and her husband told me that problems subject like cataloging / classification she could not understand, so that she is not ready to attend the classes after listening her queries , I suggested her , you come to collage and were you got difficulties , you directly comes too me and ask then she come regularly in collage .some problems with others students we all staff guide them and in courage then for attending the classes regularly as well as we understand then the benefits of degrees.

Some students are with English medium s some are Marathi medium for examination of the discussion with the students, they told that ENGLISH medium books are not available in library so we request to our principal for porches the new books for English medium students and I personally talk them how to search intermediate with goggle and N- list (Name of digital library)

telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Requirement of more English medium books	The demand was reported to the Principal. and resolved this issues
2	Students punctuality	The matter was brought to the notice of the Principal & the Principal assured that the college has already started the process of E-learning class.
3	To carried the orientation program and guest lecture	The IQAC of the college was made aware of it and accordingly proposals were invited from the HODs & orientation program and guest lecture

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion. The causes of absence were discussed with the mentees in presence of the parents. It helped to assess the socio-economic background of the learners and the expectations of the parents got revealed during the deliberations.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided for dissertations, projects and case studies and given trainings for mock interviews to prepare for employability at the end of their sessions. They were given Question Banks and ready- made notes to make them feel comfortable in facing the theory examination.

This system indeed has proven very helpful to explore the realistic difficulties of the students as fresher in the campus. They were informed about many of the facilities and support services available in the institution. Their disturbing family issues, parental disputes and perturbed state of mind could be softened due to this practice.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	To focus on Communication and presentation Skills of ward	The issue was reported to the HOD as it was the request of many parents, the team of management teachers took the initiative to have one assignment compulsory for presentation which will help them to prepare for their better communication and presentation skills

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 36 mentees in the academic year 2019-2020. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Visits to the mentees home were made twice during Semester- I and Semester- II. Discussion on the progress and development of the mentees was the main objective of the visits. It was fruitful as I came to know the problems faced by the mentee.

The students living out site Amravati were contacted telephonically. Issue regarding their studies and other problems were discussed in detail. They were also supported by providing them old question papers and other study material. There were regular meetings with the mentees held after the classes. Mentees were allowed to discuss academic and personal issues.

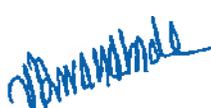

During the interactions some issues were raised as follows:-

S. N	Issues Raised	Issues Resolved
1	Short term course be introduced	Suggestion was communicated to the IQAC of the College.
2	Guidance for competitive examination be provided	This requirement was conveyed to the MPSC cell of the college of the MPSC cell has conducted the sessions accordingly for students
3	Revaluation of the university papers.	Suggestions and basic information about the process of revaluation of the university was provided to the mentees

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 36 mentees in the academic year 2018-2019. Throughout the academic year the mentees were guided during the interactions. During Semester- I and Semester- II, visits to the mentees home were made twice. I came to know the problems faced by the mentee.

The students living outside Amravati were contacted telephonically. Issue regarding their Study, health, family and social problems and other problems were discussed in detail. They were supported by providing them assignments, question papers, motivational videos and other study material. Mentees were allowed to discuss academic and personal issues in this pandemic situation.

During the interactions some issues were raised as follows:-

S. N	Issues Raised	Issues Resolved
1	Great campus and good teaching staff in the college	Suggestion was communicated to the IQAC of the College.
2	This system is good for student development in this pandemic situation. It will help for motivation in this situation	Suggestion was communicated to the IQAC of the College.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 37 mentees in the academic year 2019-2020. According to this policy continuous interaction with the students was done and follow-up was taken . As I monitored the students under me continuously and as main focus was given on the academics ,there was improvement seen through unit test , assignments were regularly submitted . not only the students being interacted ,I also verified the work of student through their parents so that they should also be satisfied .

Some students whose economic condition was not sound ,special consideration was given to them as they should not feel any type of hurdle in academics and this was only possible through this mentor mentee cell. Students got self confidence which developed high performance workforce.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised .

S. N	Issues Raised	Issues Resolved
1	Extra time for practical was demanded so that students can develop programming.	Coordinator of the course provided extra time for practical.
2	Books of updated languages were demanded by second year students for doing projects.	Books were provided to students through library.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. All the mentees which were allotted were guided as and when required throughout the year. While technology has tremendous advantages and can be lots of fun, it also presents significant challenges and even hazards. I as a mentor gave continuous guidance and make them aware of some facts like Sending e-mails or text messages should not become a substitute for face-to-face social interaction, and also assist mentees with basic social and communication skills.

Mentors should be aware of whether mentees are spending too much time online and/or participating in inappropriate chat rooms. Mentees may need to be reminded that once they post photos of themselves or spread gossip about others in cyberspace, there is no way to "take it back," and serious repercussions can follow them for many years. By continuous interaction with students and their parents made them aware and improve themselves in many different ways. This cell not only made academic improvement but also helped students to improve their attendance, regularity, discipline in college.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised .

S. N	Issues Raised	Issues Resolved
1	System with latest configuration was demanded with internet connection.	The demand was fulfilled through principal and well equipped with latest configuration lab was provided.
2	Projector for presentation was demanded by students	ICT based classroom was provided.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. Interaction with all the mentees was done throughout the year and sincere follow up was taken. The local as well as the outside students were contacted regularly and interacted, the cause of their irregularity and poor performance in academics was been discussed with their parents and with mentee also .Communication between mentor and mentee should be stressless and healthy ,so that students should be fearless and stressless and can interact with their mentor to resolve the problem.

I have put extra effort on the students to improve and score good marks in their academics . the students which were poor in semester-I ,they proved themselves and score good marks and improved more and more in next semesters and this was possible by proper communication through this cell. Students gain self-confidence not only in academics but in other cultural and sports activities.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised .

S. N	Issues Raised	Issues Resolved
1	Installation of the latest software in computer lab so that students can do projects was demanded	Installation of latest software was done by the system analyst.
2	Computer facility in library .	The demand was fulfilled through principal

**Mentor's Report**

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the centre of the discussion. The causes of absence were discussed with the mentees in presence of the parents.

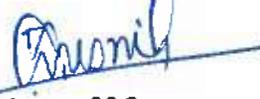

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided in groups during their free time after the teaching schedule. Some of them were called to sit in the open area of the cafeteria and discussed the variety of issues appeared to be difficult to them in the ensuing examination.

This system has very helpful to explore the realistic difficulties of the students as fresher in the campus. They were informed about many of the facilities and support services available in the institution.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

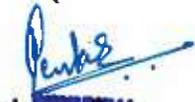

S. N	Issues Raised	Issues Resolved
1	Some Problem in Setup of experimental set	The problem was resolved by doing regular maintenance of the apparatus of the department of physics
2	Problem with the connectivity of the Internet	This matter was put before the Hon'ble Principal. Principal gave assurance, that internet connectivity is resolved by adopting fibre optics connection and Wi-fi facility.

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion. The causes of absence were discussed with the mentees in presence of the parents. It helped to assess the socio-economic background of the learners and the expectations of the parents got revealed during the deliberations.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided for dissertations, projects and case studies and given trainings for mock interviews to prepare for employability at the end of their sessions. They were given Question Banks and ready- made notes to make them feel comfortable in facing the theory examination.

This system indeed has proven very helpful to explore the realistic difficulties of the students as fresher in the campus. They were informed about facilities and support services available in the institution. Their disturbing family issues, parental disputes and perturbed state of mind could be softened due to this practice.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Number of Books per BT be increased	The demand was reported to the Principal & with due consent from the Governing Body, the Principal assured that the college will take this matter in the discussion and will try to make the request modification
2	Drinking water facility be provided on third floor	The demand was reported to the Principal & with due consent from the Governing Body, the Principal assured that the college will take the necessary actions regarding the issue.

### MENTOR'S REPORT

In the year 2019-20, the Mentor-Mentee cell has assigned me 35 mentees out of which 18 were from out of the city; living in rented rooms, hostels or the bus pass holders. I have visited the houses of the local mentees in Sept-Oct 2019 and discussed with their parents about the facilities in the Institution and problems faced by their wards. Most of the parents have applauded various schemes run by the College and gave affirmative responses. The parents of outstation mentees were contacted telephonically. During the discussion some parents and mentees have reported problems while filling scholarship and examination forms. The discussion was very fruitful and revealed some undisclosed issues and problems faced by the mentees.

S.N.	Issue Raised	Issue Resolved
1.	One parent has discussed about the aggressive behavior of the ward.	With due rapport with the mentee it was found that he was under peer pressure. With proper counseling and subsequent follow up for two months the mentee's parents reported significant positive changes in his behavior.
2.	Irregularity in attending classes (The issue raised by the mentor)	The mentee was working in one of the Grocery shop. With proper counseling he assured to attend lectures at least three days in a week and thereafter he became regular in the College.

### MENTOR'S REPORT

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-20. In the month of September visited to the houses of the mentees and discuss various issues' related to the performance of the mentee with their parents.

The parents of outstation students got contacted telephonically. During the interaction it was observed that some economically deprived students due to domestic and other responsibilities were unable to attend the classes well in time. Hence special attention was focus to assist them (in the form of some monetary assistance and special attention). Such students were encouraged to participate in various extracurricular activities.

S.N.	Issue Raised	Issue Resolved
1.	Preparation for Competitive examination	Competitive examination cell looked into the matter and decided to increase more efforts.
2.	Outstation students asked for bus pass concession	The issue was referred to students' welfare cell. The cell considered applications of some students (as per eligibility criterion) for financial assistance from student welfare fund.

**Mentor's Report**

In the academic year 2019-2020, I took up a responsibility of 35 mentees proposed by the Mentor Mentee Cell of the college. As per the guidelines proposed by of the Cell, throughout the academic year, the allotted mentees were guided during the interactions. Places of local mentees were visited and telephonic communication was carried out for out station students with their parents. During discussions, the reasons of absenteeism were discussed with the mentees in the presence of the parents. Further, issues related to the educational progress of the students were discussed. Such communications expedited to understand the socio-economic background of the mentees. In addition to this, genuine follow up was taken throughout the academic year.

The outstation students were frequently contacted over the telephone as well as consistent communications were made on campus throughout the academic year, too. They were also guided about a different issues associated to their growth, as and when required. They were given notes, study material and previous examination question papers to raise their confidence for theory examination. They were informed about the amenities and support services offered by the institution.

During these varied interactions with the mentees, the following concerns were shared by the mentees and these concerns have been resolved with due involvement of the college administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Increase the number of books for competitive exams in the library	Issue was discussed with the Principal and Principal directed librarian to increase the books for various competitive exam.
2	Cleanliness in the campus	Issue was discussed with the principal and principal gave the instruction to the concerns

### **Mentor's Report**

In the academic year 2019-20 I was shouldered the mentorship of 35 mentees by the Mentor mentee Cell of the college. As per the policy of the cell, throughout the academic year, the allotted mentees were guided during the interactions. In addition, visits to local mentee were made and interactions were carried out with the parents. During discussions, the reason of absenteeism were discussed with the mentees in the presence of the parents. Further, issues related to the academic progress of the learner were discussed. Such interactions facilitated to understand the socio-economic background of the mentees. In addition, sincere follow up was taken throughout the year.

The outstation students were frequently contacted telephonically as well as regular interactions were made within the campus area throughout the year. They were also guided about a variety of issues related to their progress, as and when required. They were also guided in groups during their free time after the teaching schedule. Some of them were called to sit in the open area of the cafeteria and discussed the variety of issues appeared to be difficult to them in the ensuing tournaments. Facilities and equipments related to a particular game were issued to raise their confidence and improving their level of playing.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

Sr. No	Issues Raised	Issues Resolved
1.	Availability of Playgrounds	The matter was discussed with the principal and she advised to collaborate with other colleges regarding play field. And also to pay the rental charges for the play field.
2.	Restrictions from the Subject Teachers	The matter was discussed with the Principal and the subject teachers regarding the presence in practical lectures.

### **Mentor's Report**

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. According to the policy of the Cell counseling and visits were made also the interaction between parents, students and mentor successfully done in the session. It was a great idea to visits the mentees houses, parents satisfactorily and openly discussed with us. They also appreciate that the collage is taking extra and useful steps towards the well being of there wards.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. The meeting with the students' parents of local students were carried out twice in a year and discussed with the overall development of ward and his academic progress. They were also guided in groups during their free time after the teaching schedule. They were given some sample question papers and ready- made notes to make them feel comfortable in facing the theory examination.

At the time of interactions with the mentees allotted to me, in my personal visits, Parents those who live outside the Amravati were communicated with telephonically and also I meet their parent goes to their home, at that time their parents had an complaint and told me that, there sons and daughter does not studied properly, that time I suggested to the students is that if they have any difficulty related to the study or any subject , so they asked with me , so that I get them to proper guidance and also said that , they regular visited to the library.

I also discussed with parents on curricular and extracurricular activities , counseling on various girls issues with them Telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Maintenance of vehicle stand for students is necessary	The demand was discussed with principal and principal successfully taken an action on it.
2	Demand of DLP in the zoology laboratory	The demand is discussed with principal madam, and she agree with it and in few month the demand is fulfil by principal and management.
3	More number of Certificate Courses be introduced to fill the gaps in syllabus	The IQAC of the college was made aware of it and accordingly proposals were invited from the HODs & new certificate courses started in different subjects.

### Mentor Report

Mentor Mentee programme is conducted to help the students to strengthen their varied capabilities and to build an interpersonal relationship between the teachers and students. 35<sup>th</sup> Students of Class B.Sc. I (Bio) & B.Sc. II (Bio) are assigned to me for the task of mentoring. The personal level interviews with the students and parent are conducted periodically. The meeting with the students' parents of local students were carried out twice in a year and discussed with the overall development of ward and his academic progress. Parents those who live outside the Amravati were communicated with telephonically. The student of B.Sc.I (Bio) Ku. Vaishnavi Mahendra Nage ask about the percentage of class room teaching should be imparted through Power point Projection. After this suggestion the maximum classes were conducted in e-class room. Mr. Nishant Titendra Hadole suggested the Soft skill course needs to be given at least twice during three years. This suggestion discussed with the Head of the institution and soft skill development programs were started.

Students are supported and guided both in co-curricular and extracurricular activities . The mentors of the class discusses with each and every student individually and supports them in all the possible ways to enrich their academic performance. The mentors contacts the parents and educates them, if required about their wards performance, and the academic programmes of the college as well as the support system and the monitor system the student and parents. The mentors always keeps a check on the attendance of the student, the marks/grades obtained in the internals & externals examinations, and regarding his/her candidature in the campus placement and provides remedial coaching.

S. N.	Issue Raised	Issue Resolved
1.	The percentage of class room teaching should be imparted through Power point Projection.	The Demand was reported to the Principal & due consent from the Governing Body. The Principal ordered the teachers to deliver the lecture by using the Power Point & ICT techniques.
2	The Soft skill course needs to be given at least twice during three years.	The matter Was Discussed with the Principal and accordingly proposals for soft skills programme were invited from HODs.

S. N	Issues Raised	Issues Resolved
1	Some complaints by the students about the classroom like fans another issue raises by some students that is equipments in some of the laboratories are not in working	The issue was reported to the Principal & with due consent from the Governing Body, the Principal ordered the Head of the Departments to keep the equipment in proper condition.

	condition. As a result, some of the experiments cannot be performed. Hence, maintenance of laboratories is a key issue.	
2	Students also point out that lot of maintenance is required in the existing hostels. Existing hostel facility is too inadequate necessitating construction of additional hostels for boys as well as girls as well as there is need to improve in the quality in the food.	The matter was brought to the notice of the Principal & with due consent from the Governing Body, the Principal assured that the development in lodging facility and food quality will be improve .

Under The Mentor Mentee Cell of The College I took responsibility of 35 mentees in the academic year 2019-2020. As per the guideline of the Cell the mentees were guided and asked students about their queries during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid direct visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion. The causes of absence were discussed with the mentees in presence of the parents. It helped to sort out the problem which found difficulties in the learning process and the expectations of the parents got revealed during the discussion. When I paid direct visit to the house of mentees it helped to found socio-economic background of the mentees.

The outsiders mentees and parents got contacted telephonically.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Use of language lab and e classroom	The demand was reported to the Head of English Department about utilized more and more teaching time in the Language Lab and e classroom
2	High speed internet facility be provided	The matter was brought to the notice of the Principal & the Principal assured that the college has already started the process to hire High Bandwidth internet connection more than 50mbps. The college has installed fibre optic broadband facility for the students to explore

		online resources.
3	Organization of soft skill programme	As per mentees request of organization of soft skill programme .which is a very commendable demand forwarded to the Principal.

Mentor's Report

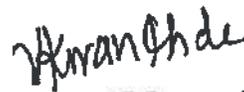

In the academic year 2019-20 thirty five mentees were allotted to me by the Mentor Mentee Cell of the college. All mentees were allowed to discuss their academic as well as personal issues with the mentor.

Sessions with the mentees were conducted in the college campus after the regular classes. Visits to the houses of the mentees were made in each semester during the academic year. Students express their views and problems regarding their studies with me. They raised some problems during the interactions. These are as follows:-

S. N	Issues Raised	Issues Resolved
1	Guest lecture for competitive examination	Guest lecture on Competitive examination was organized by MPSC Cell
2	Students demanded questions papers of English literature	Question papers of the last examination were provided by the department of English

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2019-2020. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion. The causes of absence were discussed with the mentees in presence of the parents. It helped to assess the socio-economic background of the learners and the expectations of the parents got revealed during the deliberations.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided for dissertations, projects and case studies and given trainings for mock interviews to prepare for employability at the end of their sessions. They were given Question Banks and ready-made notes to make them feel comfortable in facing the theory examination.

This system indeed has proven very helpful to explore the realistic difficulties of the students as fresher in the campus. They were informed about facilities and support services available in the institution. Their disturbing family issues, parental disputes and perturbed state of mind could be softened due to this practice.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Use of language and e- classroom	I have taken strict actions for non- attendance and made a mandatory extra project assigned for the students having less attendance which in turn improved the attendance
2	High speed internet facility be provided	The matter was brought to the notice of the Principal & the Principal assured that the college has started the process to hire High Bandwidth internet connection more than 50mbps. The College has installed fiber optic broadband facility for the students to explore online resources.
3	Organization of college level seminar	As per parents request of organization of college level seminar, particular for the future researcher which is very commendable demand forwarded to the Principal

### Mentor's Report

The Mentor Mentee Cell of the college has allotted me 35 mentees in the academic year 2018-2019. As per the policy of the Cell the mentees were guided during the interactions throughout the academic year. Sincere follow up was taken. The houses of the local mentees were paid the visits and interactions were carried out with the parents. The issues related to the academic progress of the wards were at the center of the discussion. The causes of absence were discussed with the mentees in presence of the parents. It helped to assess the socio-economic background of the learners and the expectations of the parents got revealed during the deliberations.

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided in groups during their free time after the teaching schedule. Some of them were called to sit in the open area of the cafeteria and discussed the variety of issues appeared to be difficult to them in the ensuing examination. They were given some sample question papers and ready-made notes to make them feel comfortable in facing the theory examination.

This system indeed has proven very helpful to explore the realistic difficulties of the students as fresher in the campus. They were informed about many of the facilities and support services available in the institution. Their disturbing family issues, parental disputes and perturbed state of mind could be softened due to this practice.

During my interactions with the mentees allotted to me, in my personal visits, telephonic talks and on campus discussions the following issues were raised by a few of them and those issues have been sorted out with due involvement of the administration. The issues were as follows-

S. N	Issues Raised	Issues Resolved
1	Library Hours be increased to sit in the reading section	The demand was reported to the Principal & with due consent from the Governing Body, the Principal ordered the Librarian to keep the reading section open up to 9.00pm in the evening.
2	High speed internet facility be provided	The matter was brought to the notice of the Principal & the Principal assured that the college has already started the process to hire High Bandwidth internet connection more than 50mbps. The college has installed fibre optic

		broadband facility for the students to explore online resources.
3	More number of Certificate Courses be introduced to fill the gaps in syllabi	The IQAC of the college was made aware of it and accordingly proposals were invited from the HoDs& new certificate courses started in different subjects.
