About the Event

The event “IPL Auction 2026” was organized by SSBT IGNITE with the aim of providing students a real-time experience of how an actual IPL auction is conducted. The event was designed in a way that simulated the real IPL auction process, where teams bid strategically for players within a fixed budget.

Initially, more than 25 teams registered for the event. To ensure fair selection, a Quiz Round was conducted, followed by a Rapid Fire Round. Based on performance, the top 10 teams were shortlisted for the final IPL Auction round.

In the final round, each team was given a budget of 60 crores and was required to build a balanced team consisting of 1 wicketkeeper, 2 batters, 4 all-rounders, and 4 bowlers. Teams participated actively in the bidding process, making strategic decisions to form the best possible team.

The event was highly engaging and interactive. It successfully helped students understand concepts like strategy building, budget management, and decision making under pressure. Overall, the event was conducted smoothly and received a great response from participants.
