Brief Report on
Expert Lecture on “Energy Audit in Process Industries”

- Date and Venue / Location : 15/09/2022, Department of Chemical Engineering.
- Aim / Purpose : Development of Energy Consciousness through Energy Audit.
- Objectives :
 - To create perception towards Energy Conservation among all.
 - To reduce Energy input by Energy Audit.
- Participant's Profile : 42 Chemical Engineering Students.
- Description about the Program : Energy Club organized Expert Lecture on “**Energy Audit in Process Industries**” on the occasion of “**Engineers Day**” on 15.09.2022.
Er.M.M.Ansari (Faculty Member, Department of Electrical Engineering, SSBT's COET, Bambhori) presented the importance of Energy Audit in Chemical Process Industries for better resource utilization through power point presentation.
- Feedback & Analysis : The lecture covered inspection, survey and analysis of energy flows for energy conservation and energy management.
- Outcomes : Students got detailed information to be followed for conducting Energy Audit. The students came to know about reduction in the amount of energy input into the system without negatively affecting the output.
- Recommendation : Energy Conservation among all leads to become responsible person for maintaining the environment.
