

## **Activity Report**

### **Launch of 5G services**

Theme - Innovation

Mode of Conduct - Online

Time - One Day

Online session to Participate in Launch of 5G services by Hon'ble Prime Minister of India Shri

Narendra Modi. Is Live telecasted on Youtube link on 1<sup>st</sup> October 2022.

As 5G use cases have tremendous applications across sectors and hold the promise of innovations across the economic sectors, participating in this event virtually will certainly be beneficial and help in visualizing the technology shift, a greater picture to leverage technology for a better future, and scope for interdisciplinary innovation and cross-sector entrepreneurship.

Prime Minister Narendra Modi today launched 5G services at the sixth edition of Indian Mobile Congress (IMC 2022) in New Delhi. 5G technology promises to offer seamless coverage, high data rate, low latency, and reliable communications to mobile users in India. Two of the biggest telecom service providers in the country Airtel and Reliance Jio have announced that they will start 5G services this year.

5G big step towards our vision of a 'Viksit Bharat'

The new India will not only remain a consumer of technology but rather, will play a significant role in the implementation of technology for the growth of the country.

5G will take connectivity to the last mile. Children in villages will now have access to online education - a major milestone in the vision of a Digital India.

Finally from the above program inaugural session student and Faculty Learn about the Launch of 5G and their Services. The overall session is very informative.

Thanks to IIC and Team to provide such a wonderful platform for our college to attain the Live Program.
