

Activity Report

Academic Year	2022-23
Program Driven by	Exposure and field visit for problem identification
Quarter	I
Program / Activity Name	Exposure and field visit for problem identification
Program Type	Field Visit Exposure Visit to Village
Program Theme	IPR / R&D Innovation / Entrepreneurship / Design Thinking Critical Thinking / Incubation Pre cubation
Start Date	09-11-2022
End Date	09-11-2022
Duration of the Activity (in Mins)	400
Number of Student Participant	56
Number of Faculty Participant	3
Number of external Participant	--
Expenditure Amount in Rs.	--
Any Remark	--
Mode of Session Delivery	Offline
Objective	The Purpose of Visit to aware village / Rural people about the real life problem and provide the solution by distributing the day to day life needs.
Benefit in terms of Learning / Skills / Knowledge obtained	Daily needs and awareness how to use the different amenities.

Overall report of the Activity (pdf)	As given below

Overall report of the Activity

Exposure and field visit for problem identification

Aim & objectives

Our volunteers are eyeing blanket and old clothes distribution in different regions of Jalgaon nearby villages and other places too. The pleasure in fulfilling the basic requirement of people carries a different feeling that can't be explained in words. Homeless people mostly reside in slum areas by constructing shacks and wooden houses with available materials. They don't have clothes to cover their body, and they spend their winter without a blanket. And that's the reason behind the death of thousands of people every year in the winter season. Whenever we visit such places with our volunteers, we get a question in our mind that isn't our responsibility to assist such poor and needy people in living a life full of hope and opportunities?

In each shack, we come across several people and give them blankets and clothes along with clothes. Also, we distribute blankets to abandoned people living a hopeless life, and we are endeavouring to bring some shadows of hope in their lives. Through our blanket distribution activities this year, many poverty-stricken families have received the benefits that would eventually help them in surviving amid the cold and chilling winter. The core objective of the warm clothes and blanket distribution activity is to reduce the suffering of economically and socially backward people due to the cold wave.

No of Faculty 3

No of Student 56

Total Expenses -
(for arrangement + Guest)

On the behalf of SSBT's College of Engineering and Technology and all faculty and students Thanks to IIC and the Team to provide such a wonderful platform for our college to organize the program for Exposure and field visit for problem identification.

Faculty Coordinator for Program

Dr. M Husain (Department of Civil Engineering)

Dr. S. L. Patil (Department of Civil Engineering)

Dr. P. G. Damle (Department of Mechanical Engineering)

Coordinator

Dr. P. H. Zope
