Overall report of the Activity (pdf)	As given below

Brief about Program

The workshop on Entrepreneurship Skill, Attitude and Behaviour Development is an initiative of the Ministry of Education's Innovation Cell (MIC) and Institution's Innovation Council (IIC). The workshop aims to help participants develop skills, competencies, and behaviors to successfully start their own entrepreneurial venture.

The workshop's objectives include:

1. Creating awareness about the importance of innovation and idea generation
2. Developing a positive attitude and overcome mentality
3. Emphasizing the relevance of proper research in the field of entrepreneurship

Er Aniket Agrawal Addressing and Counselling the final year students on the topic Workshop on Entrepreneurship Skill, Attitude and Behaviour Development in Civil Engineering

The resource person covered the following points to make them as a successful future Entrepreneur:

1. Learn from the experience of other entrepreneur: The famous entrepreneurs where they tell how they started their projects and a good entrepreneur must be informed and updated
2. Positive Mindset: Having a positive and entrepreneurial attitude is essential to achieve the objectives. Having a good positive attitude can help make a personal project come true.
3. Believe in yourself: To be a good entrepreneur, you must believe in your business idea, which will be essential to overcome obstacles and be proactive.
4. Organization and Planning: An entrepreneur knows that part of this organization and planning involves forming a work team and delegating its functions so that the entrepreneur knows what resources he needs and foresees the risks for decision-making
