## Brief about Program

Dr. Pravin Shirule from civil Engineering Department has conducted session on Skill Development for SSBT's Art Science Commerce college student. Infosys BPM is a business process management subsidiary of Infosys Ltd. that was established in 2002.

Infosys established a foundation in 1996 to fulfil their CSR initiatives. It works towards removal of malnutrition, improving infrastructure related to health care, preserving Indian art and culture, being auxiliary towards primary education, providing rehabilitation the needy women and children etc.

Infosys BPM is an end-to-end bpm outsourcing services provider. With proven capabilities and deep domain expertise, we address your business challenges through our integrated IT and business process outsourcing solutions that address critical business functions.

### Infosys' CSR policy aims to:

- Strive for economic development that positively impacts society at large with minimal resource footprint
- Eradicate hunger, poverty, and malnutrition
- Promote preventive health care and sanitation and make available safe drinking water
- Enhance livelihood projects
- Preserve Indian art and culture
- Be auxiliary towards primary education
- Provide rehabilitation of the needy women and children

### Infosys' CSR activities cover several areas such as:

- Poverty alleviation
- Education
- Environment
- Other social causes

Infosys' CSR projects are delivered through the Infosys Foundation, a special purpose no-for-profit organization that helps Infosys achieve its CSR goals and objectives.

### **The Infosys Foundation has:**

- Constructed hospital wards
- Built dharmashalas (rest houses)
- Provided medical equipment to various hospitals across India
- Donated medicines
- Organized health camps in rural India

The Infosys Foundation also undertakes programs to improve the welfare of people in rural India. These programs include:

- Awareness campaigns on hygiene, sanitation, vocational training and entrepreneurship
- Support for initiatives in areas such as agriculture, water resource management, and sanitation
- Support for over 100,000 self-help groups among women in rural communities
- Construction of roads, provision of drainage systems and electricity
