

Overall Report of the Activity

World Intellectual Property Day is celebrated on 26 April 2022 with an objective to highlight the importance of intellectual property (IP) and how it encourages creativity and innovation. The day is also called World IP Day

Faculty Invited for Program

Dr. Vikas Gite, Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon

Dr. M. E. Patil, Computer Engineering Department

Dr. K. P. Adhiya, Computer Engineering Department

Dr. V. R. Diware, Chemical Engineering Department

Dr. P. H. Zope , Computer Engineering Department

Total Faculty - 05

Total Student – 78

The program is organized through online Microsoft Team, the student and faculty joined through the online link.

Dr. Vikas Gite invited as chief guest for the program, following steps were discussed in his presentation

Step 1: Conceiving your Invention. ...

Step 2: Patent Search and Drafting. ...

Step 3- Filing the Patent Application. ...

Step 4- Publication of the Application. ...

Step 5- Request for Examination. ...

Step 6- Respond to the Objections. ...

Step 7- Grant of Patent.

A fee of INR 1600/4000/8000 has to be paid while submitting the patent application in the IPO, based on the type of applicant. A fee of INR 2500/6250/12500 has to be paid, based on the type of applicant, if you wish to have your patent application published by the IPO early.

Applications can also be made online through the available comprehensive online filing system. Therefore, legally, there is no bar on an individual to carry out the filing of his patent himself.

Patent applications must satisfy the following three criteria:

1. Novelty. This means that your invention must not have been made public – not even by yourself – before the date of the application.
2. Inventive step. This means that your product or process must be an inventive solution. ...
3. Industrial applicability.

Plants and animals in whole or any part thereof other than microorganisms. Mathematical or business method or a computer program per se or algorithms. literary, dramatic, musical or artistic works, cinematographic works, television productions and any other aesthetic creations.

Finally Dr. Gite stressed on eligibility, copy right of your ideas.

A handwritten signature in black ink, appearing to be 'PSSJ', with a long horizontal stroke extending to the right.

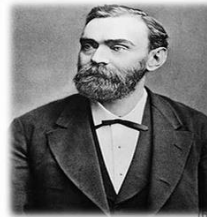

Co ordinator

If invention is protected but with loop wholes

Charles Goodyear was an American self-taught chemist and manufacturing engineer who developed vulcanized rubber, for which he received patent number 3633 from the United States Patent Office on June 15, 1844.

Alfred Nobke in 1863 obtained Patent number 1261. **Ways to prepare gunpowder**; in 1864 obtained. Patent number 668. **Method for the blasting of nitroglycerine.** (Application not completed.)
