Science Exhibition 2019

28th February 2019, SSBT COET, Bambhori, Jalgaon

Every year to mark the discovery of the Raman Effect by Indian Physicist Sir C. V. Raman on 28th February 1928 for which he was awarded the Nobel Prize in Physics in 1930, we celebrate National Science Day.

The Applied Sciences Department of SSBT COET organised a Science Exhibition on 28th February 2019. Principal Dr. K. S. Wani inaugurated the event by cutting the ribbon and lighting the traditional lamp. The HOD of Applied Sciences Department, Dr. K. S. Patil welcomed the Chief Guests by presenting them flowers.

The budding engineers of our institute presented many creative ideas as exhibits. There were a number of posters, still and working models on display such as CNC Drawing Machine, Automated Cradle, Automatic Evening Lights, etc. and posters

included topics such as Beauty of Mathematics, Li-Fi Technology, Blue Brain, Steganography, Hyperloop, Harmful Effects of Mobile Phones, etc. The Chief Guests appreciated the novel ideas of the participants. The exhibition provided a platform to scientific experimentation and innovation to the future engineers. To develop scientific attitude amongst students, the event was organised and was one of its kind.

The event ended with the felicitation of winners and conveyance of important messages by the Chief Guests that suggested the young minds to reduce the excess use of mobile phones for social media and various irrelevant purposes and to focus more on academics, self-development and innovation for the development of the society.
