## About College

**VISION:** Today we carry the flame of quality education, knowledge and progressive technology for global societal development; tomorrow the flame will glow even brighter.

**MISSION:** To provide conducive environment for preparing competent, value added and patriotic engineers of integrity of par excellence to meet global standards for societal development.

**Objectives:**

- To impart innovative teaching and learning

- To provide quality education with futuristic trends in engineering and technology

- To develop the institute as a research center for academic excellence

- To ensure continual improvement in quality management system

- To inculcate social values, patriotism and professional ethics among the students

## About Department

**VISION:** To emerge as the leading Computer Engineering department for inclusive development of students.

**MISSION:** To provide student-centered conductive environment for preparing knowledgeable, competent and value-added computer engineers.
