## **Foreword**

Founded in 1983, Shram Sadhana Bombay Trust's College of Engineering and Technology, Bambhori, Jalgaon has a legacy of academic and professional excellence. It imparts knowledge in Engineering and Management. The faculty, staff, students and alumni have actively worked in cohesion to create conducive environment for preparing competent, value added and patriotic engineers of integrity of par excellence to meet global standards for societal development.

In view of the changing trends in digital era, the institute has left no stone unturned in preparing knowledgeable, competent and value-added Computer Engineers. The technical brilliance of the students coupled with the aptitude to learn and absorb new concepts, has paved way to accomplish their milestones. Given the right opportunity, I firmly believe that they can become one of the most treasured assets of any organization.

I am delighted to present before you the placement brochure for the year 2022-2023 of the under graduate course in Computer Engineering. I also wish our students the best of luck in their future careers.

Dr. G. K. Patnaik  
PRINCIPAL

## **From HoD's Desk**

Dear Recruiter,

Warm Greetings from SSBT, Jalgaon!

It is a matter of great pride for me to address you as a potential recruiter and talent seeker from Department of Computer Engineering, SSBT's College of Engineering and Technology, Bambhori, Jalgaon. Ever since the establishment of this department it has been playing a very significant role in shaping the careers of aspiring young minds of Computer Engineering students through inclusive development as dreamers of tomorrow.

The academic environment of teaching & learning in this department is unique with the latest knowledge and skills. The students in this department are innovative and creative with high ethical and moral values. The department has groomed the students to face the real world challenges and to be the good citizen of India.

I am pleased to convey that a batch of highly talented young students is ready to take up challenging responsibilities of the corporate world. I sincerely invite you to select the right talent for your esteemed organization and make them part of your development process and nation building.

I wish that the association between SSBT and your organization will be taken to greater heights in the current and forthcoming academic years.

Dr. Manoj. E. Patil  
Asso. Professor & Head

## Vision, Mission and Objectives of the Institute

**Vision:** Today we carry the flame of quality education, knowledge and progressive technology for global societal development; tomorrow the flame will glow even brighter

**Mission:** To provide conducive environment for preparing competent, value added and patriotic engineers of integrity of par excellence to meet global standards for societal development

**Objectives:**

- To impart innovative teaching and learning
- To provide quality education with futuristic trends in engineering and technology
- To develop the institute as a research center for academic excellence
- To ensure continual improvement in quality management system
- To inculcate social values, patriotism and professional ethics among students.

## About the Department

The Computer Engineering Department offers Bachelor's and Master's degrees in Computer Engineering. These degree programs prepare graduates for successful, profitable and lifelong careers in Computer Engineering. Computer Engineering students study hardware and software systems through innovative classroom instructions, supported by laboratories equipped with the state-of-the-art hardware and software. The department ensures that the students are introduced to both fundamental and advanced knowledge in areas such as embedded systems, networking technology, computer security and software engineering etc.

**Vision:** To emerge as the leading Computer Engineering department for inclusive development of students

**Mission:** To provide student-centered conducive environment for preparing knowledgeable, competent and value-added computer engineers

Salient Features of the department are as follows.

- State of the Art Computing Facilities
- ICT in Teaching and Learning
- Teacher as Mentor
- Research & Publications with Social Impact
- Supportive Learning for Placements
- Professional Development for Industrial Engagement

Various activities conducted by the department for the students are as follows.

- Value Added Courses
- Career Oriented Add-On Courses
- Special Training for Competitive Examination
- Expert Lectures for Industry Interaction
- Report Writing & Paper Presentation
- Personality Development & Soft Skill Training

## Program Educational Objectives (PEOs)

- **PEO 1. Core Knowledge** -Computer engineering graduates will have the knowledge of basic science and Engineering skills, Humanities, social science, management and conceptual and practical understanding of core computer engineering area with project development.
- **PEO 2. Employment/ Continuing Education** Computer engineering graduates will have the knowledge of Industry-based technical skills to succeed in entry level engineering position at various industries as well as in academics.
- **PEO 3. Professional Competency** - Computer engineering graduates will have the ability to communicate effectively in English, to accumulate and disseminate the knowledge and to work effectively in a team with a sense of social awareness.

## Program Outcomes (POs)

Engineering Graduates will be able to:

- **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- **Problem analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- **Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

- **Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- **Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- **Project management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

### **Program Specific Outcomes (PSOs)**

Computer Engineering Graduates will be able to:

- **Software Systems Development:** Apply the theoretical concepts of computer engineering and practical knowledge in analysis, design and development of software systems.
- **Open Source Software:** Demonstrate familiarity and practical competence with a broad range of programming languages and open source platforms
- **Computer Proficiency:** Exhibit proficiency through latest technologies in demonstrating the ability for work efficacy to the industry & society

## Our Pride

### Internal Hackathon 2022

Internal Hackathon 2022 was organized by Department of Computer Engineering on 10/03/2022 for Nomination for Smart India Hackathon 2022

Through this competition students can

1. Harness creativity & expertise
2. Spark institute-level hackathon
3. Build funnel for 'Startup India' campaign
4. Crowd source solutions for improving governance and quality of life
5. Provide opportunity to citizens to provide innovative solutions to India's daunting problems

The team of Six students from any branch from any year was permitted to participate in this competition.

**Judges for Internal Hackathon Along with Dr. G. K. Patnaik, Principal SSBT COET Jalgaon**

**Description about the Program:** Smart India Hackathon 2022 is a nationwide initiative to provide students a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem solving. The last edition of the hackathon saw over 5 million+ students from various colleges compete for the top prize at 65+ locations.

**Inauguration of Internal Hackathon 2022**

In SIH 2022, the students would have the opportunity to work on challenges faced within various Ministries, Departments, Industries, PSUs and NGOs to create world class solutions for some of the top organizations including industries in the world, thus helping the Private sector hire the best minds from across the nation

As per the guidelines of SIH2022 team, Top 15 teams (Top 10 + waiting 5) should be nominated by the College for final Smart India Hackathon Competition. Computer department conducted Internal Hackathon on 10th March, 2022 for which 20 team participated from all the departments. Evaluation criteria was based on Novelty of Idea, Complexity, Clarity and details in prescribed format, Feasibility, Practability, Satiability, Scale of impact, User experience and Potential for future work progression. Based on above criteria, 15 teams shortlisted for final Smart India Hackathon 2022 competition.

## Smart India Hackathon 2022

Smart India Hackathon, a competition to increase the participation of youth in initiatives such as "Digital India" and "Start-up India", is being organized at the national level, on the same lines, "Manthan-2021 National Hackathon" is being organized by the Ministry of Higher Education, Government of India from this year onwards. The competition covers all areas of international interests, security of the country, from enemy nation surveillance to data analytics and the challenges faced by Indian intelligence agencies.

And in this, such challenges have to be developed to provide technical and effective solution plans through software coding skills, the final round of this competition will be held in online mode from 8th to 10th December, in this round 36 hours of coding will be done continuously, in which the students of the engineering college will create a more secure and scalable system using their coding skills and Indian made technology.

SIH2022 competition is being implemented in 5 steps, which mainly focused on evaluation and interaction between the teams, in the first round all the participating teams had registered to reach out to the startup, after registration all the teams presented their respective concepts, this stage was only to ensure the quality and domain, then the successful teams were selected, The selected teams submitted their ideas, designs, technical aspects and presentations on the submission panel.

Later, the critics selected the teams for the final round by examining and evaluating them, the final round of the tournament had two stages, in which the critics evaluated the system by giving their real-time data input in an online manner and asked the team to make changes to the system in due course.
