Through H.O.D (Mech Engg Dept)

Subject: Permission for conducting Virtual Expert lecture on "Goals & Objective of Human Life".

Respected Sir,

I the undersigned request you to please grant permission for conducting Expert lecture on "Goals & Objective of Human Life" by Expert Parmatma das prabhu From Nagpur, on 27th Feb, 2021. Time: 11.00 AM for Mechanical Engineering students Expected Expenditure is Rs. 1000 for the same.

This is for your kind information and approval.

Thank you,

Yours Sincerely

Brief Report on Expert Lecture

Name of Department	Mechanical Engineering
Academic Year	2020-21
Name of the Expert Lecture	Goal & Objectives of Human Life
Date and Venue / Location	01/03/2021, Mechanical Seminar Hall
Name of Resources Person	Mr. Saurabh Kasar
Title	
Aim / Purpose	To aware students beyond academics and know the values, goals.
Objectives	A human has a certain purpose which he needs to fulfill.
Participant's Profile	Final Year (BE)
Number of Participants (Student)	47 (BE)
Description about the Program	Mechanical engineering student association had organised Expert Lecture on Goal & Objectives of Human Life by Mr. Saurabh Kasar
Outcomes	The Idea of life goal and objectives of human life was clear to them.
Recommendations	The students found this Expert Lecture was very useful. The primary objective of this Lecture was to make the students aware about their goals and objectives of human life.

Brief Report on

No Plastic Day: January 26, 2021

Date and Venue / Location:	January 26,2021 College Campus
Aim / Purpose:	To raise awareness about the grave issues of plastic pollution and the serious threat that it poses to the natural environment ranging from land to marine life. As plastic bags take around 100-500 years to decomposes, it creates land pollution as it is dumped in landfills and proves hazardous to the marine animal if gets washed into oceans. So, it becomes imperative to raise an alarm against the ill effects of single-use plastic bags. The SES-REC was constituted in August 2020, in response to the request made by the Mahatma Gandhi National Council of Rural Education at the behest of the Ministry of Education.
Objectives:	<ol style="list-style-type: none"> 1. To spread awareness about the hazards of plastic. 2. To impart knowledge about the reduction and re-use of plastic. 3. To understand the use of the alternatives of plastic. 4. To contribute towards preserving the environment and reduction of plastic pollution.
Participant's Profile:	Teaching and Nonteaching staff members and NSS Volunteers
Description about the Program:	No Plastic Bag Day program to discourage the use of plastic bags for carrying items purchased from shopping stores. In the country, most of them use plastic bags as carrier bags. However, their excessive use leads to a large amount of plastic waste. Plastic waste takes a long time to degrade and contributes to air, water and soil pollution. Aimed at reducing the environmental degradation from improper disposal of used plastic bags, the No Plastic Bag Day program applies a “market” instrument to discourage consumers from using plastic bags to carry items purchased. In the program, participating stores do not give out plastic bags. Mr.V.S.Pawar, Program Officer, Ms Deepmala Desai, Program Officer of NSS, along with other faculty have arranged this programme in the campus.
Outcomes:	<p>The program helps society to</p> <ol style="list-style-type: none"> 1. Less plastic = less carbon dioxide. 2. Less recycling = less carbon dioxide. 3. Consuming less plastic saves animals. 4. Consuming less plastic can save humans. 5. Less plastic makes our water cleaner.

- 6. Less plastic makes our food safer.
- 7. Less plastic makes our air safer.

Recommendations:

Such program should be arranged every year

SSBT'S College of Engineering and Technology Bambhori Jalgaon

No Plastic Day Drive

An initiative by NSS Unit, SSBT'S COET, Bambhori Jalgaon at college,
Departments offices, Administration office.

Duration: - 1 day

Time: 8.30 am to 12.30pm.

You are welcome to join.

Our college *SSBT'S COET , Bambhori*, is now a recognized *Social Entrepreneurship Swachhta and Rural Engagement Cell (SESREC) institution*. In keeping with recognition, we are conducting "No Plastic Day Drive" activity under Social Entrepreneurship Swachhta and Rural Engagement Cell (SESREC). The overall objective of the project is to reduce plastic in waste streams saving environment and keeping nutrients of the soil intact.

The institute has framed the SESREC action for waste management, water management, energy Conservation and Greenery along with the observation of three environment, entrepreneurship and community engagement related to inculcate in faculty, students and community, the practices of Mentoring, Social Responsibility, Swachhta and care for Environment and Resources.

A brief report on Poster Competition

Date and Venue: 26/09/2019 Space in front of IT Lab

Aim/ Purpose: To show hidden skills, creativity and increase self confidence among students.

Objective:

- The main objective of the event was to engross the hidden talent of the students.
- To engage the community's interest in an issue, reveal community issues, and raise awareness of an issue in a way that is visual, inclusive and fun.
- The aim of this competition is to equip young students with the skills of thinking clearly, speaking persuasively and listening to the opinions of others critically and constructively.

Description about program: This program were having theme of Role of engineer for development of smart village on this topic students presented and drawn very creative posters which created interest among students. Students enjoyed and learn lot form this activity. Judge were Dr. P. A. Shirule (Associate Prof. CED).

Outcome: after attending Poster competition students are able to:

- Utilize communication to embrace difference.
- Identify effective design, development, and delivery of thought process.

Brief Report on

“Fulfillment of dream with Health, Wealth, Family & Enjoyment”

Date and Venue / Location: 13/09/2019 at Seminar Hall, Mechanical Dept, SSBT COET, Jalgaon.

Aim / Purpose: To enable the student to have good health

- Objectives:**
- (1) To practice mental hygiene.
 - (2) To possess emotional stability.
 - (3) To integrate moral values.
 - (4) To attain higher level of consciousness.

Participant's Profile: Students of Mechanical Engineering Department

Description about the Program: As we know mental health is essentially a spiritual discipline based on an extremely subtle science, which focuses on bringing harmony between mind and body. It is an art and science of healthy living. The program was conducted with the aim to enable the student to have good health. 120 students of Mechanical Engineering Department attended the program positively on 13/09/2019 at Seminar Hall, Mechanical Dept, SSBT COET, Jalgaon. Mr. Gopal Sonawane, Director of Jivanjyoti Health Centre, Bhusawal demonstrated the different health important habits to the participants.

Feedback & Analysis: Almost all participants were found that they were enjoying every activity of the session. Results show that students perceived the benefits of yoga, motivational thoughts, good health habits as increased self-regulation, mindfulness, self-esteem, physical conditioning, academic performance, and stress reduction. The extent to which the benefits experienced are interrelated to one another is discussed.

- Outcomes:**
- (1) Increased positivity of the participants.
 - (2) Increased awareness about health habits.
 - (3) Improved respiration, energy and vitality.

Recommendations: Good health habit is the medicine for nearly every problem. As you practice yoga, running, cycling or any indoor or outdoor game it does not only help you to improve your physical body but also helps in maintaining your inner peace and relaxing your mind. Thus, there is nothing that good health awareness will not help. Moreover, good health habit is not just a one-day practice; it's a lifelong commitment. So if we arrange such programs for students as well as staff members, it will definitely be beneficial to every individual.

Brief Report on

Swachhata Pakhwada

Date: 16-30/Jan-2020

Venue: Mechanical & Electrical Department:

Aim / Purpose: To aware about the environmental ethics.

Objectives: The celebration of the 'Swachhta Pakhwada', as a part of the 'Swachh Bharat Mission', was to take up sanitation initiatives, for the contribution to Mahatma Gandhi's dream of a Clean India. Swachhta Pakhwada organized by our college from January 16 to 30, 2019, and undertake innovative swachhta related initiatives during the Pakhwada.

Participant's Profile:

Event	Name of Student Participants

Description about the Program:

Swachh Bharat Abhiyan has become a 'Jan Andolan' receiving tremendous support from the people. Swachh Bharat Abhiyan is one of the most significant and popular missions to have taken place in India. It translates to Clean India Mission. This drive was formulated to cover all the cities and towns of India to make them clean. Responding to the Nation's call by the Prime Minister Narendra Modi, has taken the lead in launching the "Swachhta Pakhwada 2019-20" in the campus. Swachhta pakhwada programme was conducted by Department of Mechanical and Electrical Engineering to the entire campus on 16th January 2020 by conducting various event in the campus. The main objective of the programme was to create awareness about wastes, its impacts and cleanliness in and around the campus. Swachhta Pakhwada serves in connecting people to the nature and enhancing those actions that make our country a better place.

Feedback & Analysis:

Students from various departments took part in the event and represented the importance of water conservation, forest conservation and waste out of best activities.

Poster making and Slogan writing were aware about the water and highlighted about the present situation and utilization of water conservation and its pollution from mankind and future consequence if water not conserved in proper way and its impact on the nature.

Brief Report on
Add-on Course 'Energy Audit & Conservation'

Date & Venue / Location	17, 18, 24, 25, 26, 29, Sep, 2018 RAC lab, Dept. of Mech. Engg.
Aim / Purpose	To understand more about the ways energy and fuel are used in any industry, and help in identifying the areas where waste can occur and where scope for improvement exists.
Objectives	1. Assessing present pattern of energy consumption in different cost centres of operations 2. Relating energy inputs and production output 3. To determine ways to reduce energy consumption per unit of product output or to lower operating costs.
Participant's Profile	Third year and final year students of Mechanical, Electrical & E&TC engineering
Description about the Program	Energy today has become a key factor in deciding the product cost at micro level as well as in dictating the inflation and the debt burden at the macro level. Energy cost is a significant factor in economic activity at par with factors of production like capital, land and labor. The imperatives of an energy shortage situation call for energy conservation measure, which essentially mean using less energy for the same level of activity. Energy Audit attempts to balance the total energy inputs with its use and serves to identify all the energy streams in the systems and quantifies energy usage's according to its discrete function. Energy Audit helps in energy cost optimization, pollution control, safety aspects and suggests the methods to improve the operating & maintenance practices of the system. It is instrumental in coping with the situation of variation in energy cost availability, reliability of energy supply, decision on appropriate energy mix, decision on using improved energy conservation equipment's. instrumentations and technology.
Feedback & Analysis	Annexure – A Annexure – B
Outcomes	1. Identified potential areas of thermal and electrical energy economy. 2. Formulation of energy conservation measures requiring no investment or marginal investment through system improvements and optimisation of operations.
Recommendations	Such type of job oriented and awareness creating courses should be conducted every year.

Brief Report on
E&TC Department ETESA Activity (2018-19)
Blood Donation Camp

Date and Venue / Location: 15 March 2019 at Sports Complex Yoga Hall

Aim / Purpose: The purpose to organize a blood donation camp is to motivate students and staff to donate blood and social works.

Objectives:

1. To raise awareness that individuals can save lives and improve the health of others by donating blood.
2. It was an effort to encourage students to come forward and donate for this noble cause and to make aware about blood and its benefits.
3. To support the operation of safe and reliable blood services.
4. To help anyone, in case of any requirement for blood.

Participant's Profile: All Students and Staff of SSBT COET Bambhori, Jalgaon.

Description about the Program:

A Blood Donation Camp “UMANG” was organized by E&TC Department, Electronics and Telecommunication Engineering Students Association (ETESA) on 15 March 2019 in the college in association with Red Cross Society Jalgaon and Government Medical College (Civil Hospital) Jalgaon from 10:00 AM to 5:00 PM. The Camp was inaugurated by Dr. K. S. Wani Principal, SSBT COET along with Dr. S. R. Suralkar and Dr. S. P. Shekawat. The Principal addressed the gathering and explained the importance of blood donation. The camp commences from the blood donation of the Prof. S.R. Suralkar after these students, teaching & non teaching staff members have donated the blood. Dr. Parsanakumar Redasani Vice-Chairman of Jalgaon Red Cross Society visited the camp and shared importance of blood donation and appreciated the students contribution towards society and efforts of ETESA and college.

Our College has been regularly organizing blood donation camp every year and students and the faculty members come forward voluntarily to donate blood. This year for the event we got very fabulous response from all including staff and Students. Total more than 151 units of blood was donated by both students and the staff members of our college. The noble cause of blood donation was successfully carried out by the Institute and the collected blood units was handover to Red Cross Society and Government Civil Hospital. In the camp Medical Officers of blood bank and team of Technical Supervisors and Nursing Staff have given their positive support and help in organizing the blood camp. Mr. A. C. Wani, ETESA faculty advisor coordinated this event. The students coordinators Dhiraj Pawar, Mayuri Sapkale, Kunal Patil, Chaitali Bhirud and other volunteers taken efforts to make this event successful.

Feedback & Analysis: The oral feedback from the participants is taken in which they realize that blood donation service is the best social service to humanity. They also appreciated the efforts taken by organizers.

Outcomes:

1. Organization of this blood donation camp has increase the stock of blood units in blood bank which is needed for optimum functioning of the health-care system.
2. Participants understand that it takes just 15 minutes to donate blood, which can bring happiness to someone’s life and make a difference in his life.

Recommendations: To organize such programs regularl

7. Industrial Automation & Energy Audit & Conservation

Date and Venue/ Location	18-19 August 2017 E-108, Department of Electrical Engineering
Aim/Purpose	The aim of the program is to disseminate knowledge about basic fundamentals of industrial automation and energy audit in need of environmental protection.
Objectives	The objective of the course is to <ol style="list-style-type: none"> 1. to make the participants acquainted with the conceptual as well as practical knowledge of the Industrial Automation & latest technologies being used to achieve industrial automation 2. awareness of effective utilization of energy 3. Study energy audit programs in buildings sector and energy audits basics and principles.
Participants	60
Participants Profile	The program is designed to help students to gain confidence and knowledge practically. This helps the students to understand and enhance their employability skills by studying and hands on practical sessions.
Description about the program	The main focus of the workshop was practical applicability. The idea of organizing this workshop is to inculcate the basic fundamentals of automation in the students and provide them with a platform to work on, in the near future. This workshop was conducted by GATI & TAACT, Nasik. This workshop was an attempt to cover material relevant to giving participants necessary knowledge and skill set to appreciate the rapid changing scenario in automation systems and energy Audit and conservation techniques and take advantage of this in their future career. Practical/laboratory sessions are held, which will supplement the knowledge disseminated during the lecture sessions with adequate hands on experience.
Outcome	The program helps the students to

	<ol style="list-style-type: none"> 1. get aware about the basic Knowledge of Industrial Automation, PLCs and their relevant module. 2. Gain knowledge about reduction of usage of energy and cutting costs. 3. Understand the gap between generation and demand.
Recommendations	Such program should be arranged every year

To,

The Principal

SSBT's COET, Bambhori,

Jalgaon.

Subject: Permission to organize two day add on course on Industrial Automation & Energy Audit and Conservation.

Through: 1. Head, Electrical Engineering Department.

2. Director, Academics

Respected Sir,

With reference to above subject, we would like to organize two day add on course on Industrial Automation & Energy Audit and Conservation for TE and BE Electrical Engineering students' on 18th and 19th August 2017. The course will be conducted by TAACT and GATI, Jalgaon. The registration fees is Rs. 500/- per student. The consent of students' for the course is already taken and 60 students' are willing to participate in the course. This course will help the students' to enhance their employability skills. The fees is already taken from students'. kindly permit us to arrange the course. This is for your kind information and approval.

Thank you.

Yours faithfully,

N. S. Mahajan

(Asstt. Professor, EED)

Brief Report on
E&TC Department ETESA Activity (2017-18)
Blood Donation Camp

Date and Venue / Location: 16 March 2018 at Sports Complex Yoga Hall

Aim / Purpose: The purpose to organize a blood donation camp is to motivate students and staff to donate blood and social works.

Objectives:

1. To raise awareness that individuals can save lives and improve the health of others by donating blood.
2. It was an effort to encourage students to come forward and donate for this noble cause and to make aware about blood and its benefits.
3. To support the operation of safe and reliable blood services.
4. To help anyone, in case of any requirement for blood.

Participant's Profile: All Students and Staff of SSBT COET Bambhori, Jalgaon.

Description about the Program:

A blood donation camp was organized by E&TC Department, Electronics and Telecommunication Engineering Students Association (ETESA) on 16 March 2018 in the college in association with Red Cross Society Jalgaon and Government Civil Hospital Jalgaon from 10:00 AM to 4:00 PM. The Camp was inaugurated by Dr. K. S. Wani Principal, SSBT COET along with Dr. S. R. Suralkar and Dr. S. P. Shekawat. The Principal addressed the gathering and explained the importance of blood donation. The registration criteria for blood donation were the weight of donor's more than 50 and desired level of haemoglobin. The camp commences from the blood donation of the Prof. S.R. Suralkar after these students, teaching & non teaching staff members have donated the blood. Dr. Parsanakumar Redasani Vice-Chairman of Jalgaon Red Cross Society visited the camp and shared importance of blood donation and encouraging thoughts which inspire the donor as well as ETESA student's members.

Our College has been regularly organizing blood donation camp every year and students and the faculty members come forward voluntarily to donate blood. This year for the event we got very fabulous response from all including staff and Students. Total 169 units of blood was donated by both students and the staff members of our college. The noble cause of blood donation was successfully carried out by the Institute and the collected blood units was handover to Red Cross Society and Government Civil Hospital. In the camp Medical Officers of blood bank and team of Technical Supervisors and Nursing Staff have given their positive support and help in organizing the blood camp. Mr. A. C. Wani, ETESA faculty advisor coordinated this event.

Feedback & Analysis: The oral feedback from the participants is taken in which they realize that blood donation service is the best social service to humanity. They also appreciated the efforts taken by organizers.

Outcomes:

1. Organization of this blood donation camp has increase the stock of blood units in blood bank which is needed for optimum functioning of the health-care system.
2. Participants understand that it takes just 15 minutes to donate blood, which can bring happiness to someone’s life and make a difference in his life.

Recommendations: To organize such programs regularl

Subject: Permission for organizing Blood Donation Camp.

Respected Sir,

We the Students of E&TC Engineering Department are interested to organize the social event of "BLOOD DONATION CAMP" for our college students and staff members in our sports center YOGA HALL under ETESA (Electronics & Telecommunication Engineering Students Association) on 16 March 2018 from 11:00 am to 4:00 pm. In association with Government Medical College, Jalgaon. (Civil Hospital) and Red Cross Society, Jalgaon.

We request you to please grant the permission for conducting the above activity and also sanction the amount of Rs. 5000/- for conducting this event.

BLOOD DONATION CAMP

“ रक्तदान महादान जीवनदान “

Organized By

ELECTRONICS & TELECOMMUNICATION ENGINEERING STUDENT ASSOCIATE

DATE - 16 MARCH 2018

Venue - YOGA HALL
(SPORT COMPLEX)

Event Report

Name of the Event: Workshop on “Antimicrobial activities of medicinal Plants ”

Date of Event : 15th to 16th September 2017

Total Participant: 23

Description: Two Days Departmental Level Workshop was organized by Department of Biotechnology on “**Antimicrobial Activities of Medicinal Plants**”. SE and TE students takes benefits of this workshop. During this workshop two Lectures has been conducted by , Mr. Gaurav Khodape Assistant Professor of Biotechnology Department of SSBT’s COET Bambhori Jalgaon delivered a lecture under the topic “**Techniques in microbiology and Microbial growth**”. The hands on training was conducted by Mr. Jayant Parpalliwar Assistant Professor of Biotechnology Department of SSBT’s COET Bambhori Jalgaon .In that the detailed experimental demonstration for each practical was given.

Brief Report on

Yoga for Beginners

Date and Venue / Location: 26/07/2016 to 30/07/2016 at Yoga Hall, SSBT COET, Jalgaon.

Aim / Purpose: To enable the student to have good health

- Objectives:**
- (1) To practice mental hygiene.
 - (2) To possess emotional stability.
 - (3) To integrate moral values.
 - (4) To attain higher level of consciousness.

Participant's Profile: Students of Mechanical Engineering Department

Description about the Program: As we know Yoga is essentially a spiritual discipline based on an extremely subtle science, which focuses on bringing harmony between mind and body. It is an art and science of healthy living. The program was conducted with the aim to enable the student to have good health. 20 students of Mechanical Engineering Department participated positively in the program and attended all the sessions during the period 26/07/2016 to 30/07/2016 at Yoga Hall, SSBT COET, Jalgaon. Ms. Asha Patil, Yoga Teacher demonstrated the different asanas (poses) of Yoga to the participants.

Feedback & Analysis: At the beginning it seems difficult for the students to perform various poses of Yoga but with the consistent efforts later almost all participants were found that they can enjoy every activity of Yoga with ease. Results show that students perceived the benefits of yoga as increased self-regulation, mindfulness, self-esteem, physical conditioning, academic performance, and stress reduction. Barriers and challenges for a yoga practice include lack of time and space. The extent to which the benefits experienced are interrelated to one another is discussed.

Outcomes: (1) Increased flexibility of the participants.

(2) Increased muscle strength and tone.

(3) Improved respiration, energy and vitality.

Recommendations: Yoga is the medicine for nearly every problem. As you practice yoga, it does not only help you to improve your physical body but also helps in maintaining your inner peace and relaxing your mind. Thus, there is nothing that yoga will not help. Moreover, yoga is not just a one-day practice; it's a lifelong commitment. So if we arrange such programs for students as well as staff members, it will definitely be beneficial to every individual.
