

SSBT's College of Engineering and Technology Bambhori, Jalgaon

**Civil Engineering Department**

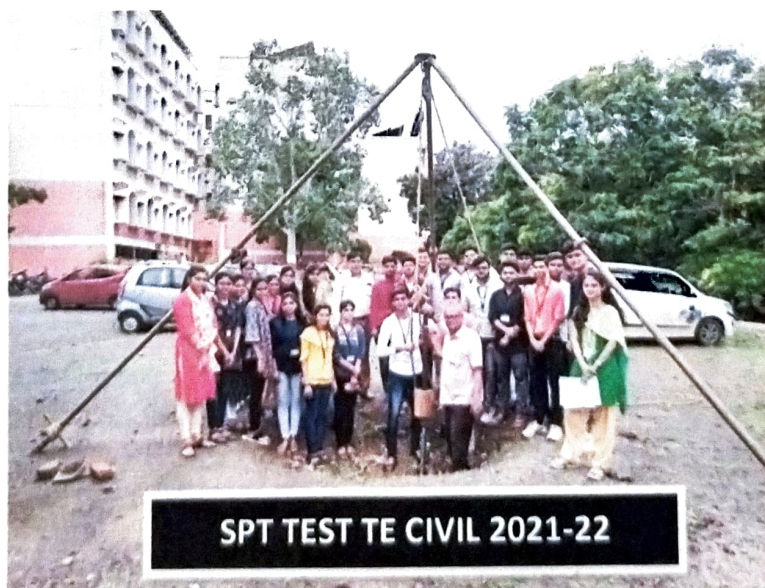

EVENT REPORT

**STANDARD PENETRATION TEST**

'Add on Course' is a mechanism of providing knowledge beyond curriculum to students. They are supposed to bridge up the gap between curriculum and actual requirements. They strengthen the POs which are weakly satisfied by the regular curriculum.

Add on Courses are included in the academic calendar as an compulsory event. One of the add on course done every year is the infield demonstration of Standard Penetration Course (SPT). SPT is a method of finding the bearing capacity of soil. Bearing capacity determination is the first step in any building design. The SPT is demonstrated in a pit dug in the college campus. The demonstration is done for third year students from 26-10-2021 to 30-10-2021.. This activity is coordinated by Prof P A Shirule. Ms Kavita Jadhav and Mr Ganesh Ahire have taken efforts for making the event successful one. The demonstration is done batch wise. Student batches of 20 each are formed and they are given schedule for demonstration. Before demonstration Prof Shirule explained the whole process on boards and described using youtube video.

The students learnt the process and enjoyed the filed work.

Head, Civil Engineering
